Katella stands on the brink of its 20th year of existence. As one looks around, it is easy to see the pride and spirit of yesterday's students reflected on the campus, faculty, and academic records of past years. These elements of success are evidence of this school's ever present search for superiority.

1966 seems like light years away. So many changes have taken place in just 20 years. We have watched the computer grow from a "space-age" machine to a valuable tool we use everyday. We have seen four different presidents in office.

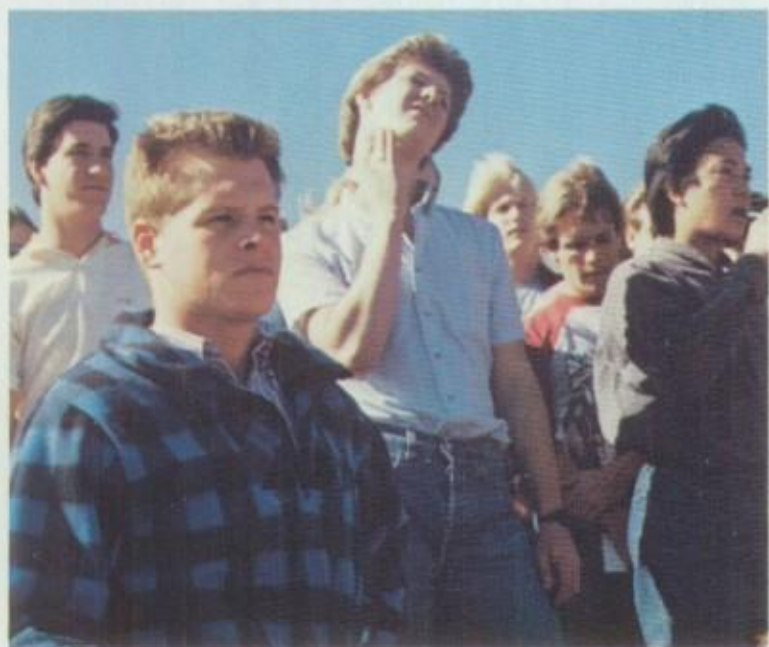

Glancing at the future, the possibilities are endless. Perhaps there will be residents on the moon. Perhaps the Soviets and Americans will be allies, or maybe there won't be another 20 years.

Katella's past has been successful. Presently, it's spunky, spirited, and self-confident. In the future, Katella can look forward to its inevitable Prosperity. In the words of Howard Jones, "Things can only get better!"

Robin Hood, Paul Bunyan, James Dean . . . What do these individuals have in common? Real or fictitious, they are all considered to be legends. Katella is also part of a legend of spirit and academic excellence that has existed since our school began. Many traditions and activities still exist to provide us with a link to our heritage. Previous students were involved with school in much the same ways we are today, from athletics and dances to senioritis. It was the determination of those students that made our school so successful. It is now up to us to perpetuate the legend through active participation. Yes, the truly great legends live on, and Katella has a life style, a legacy . . . a legend all its own.

Things can
only get
Better

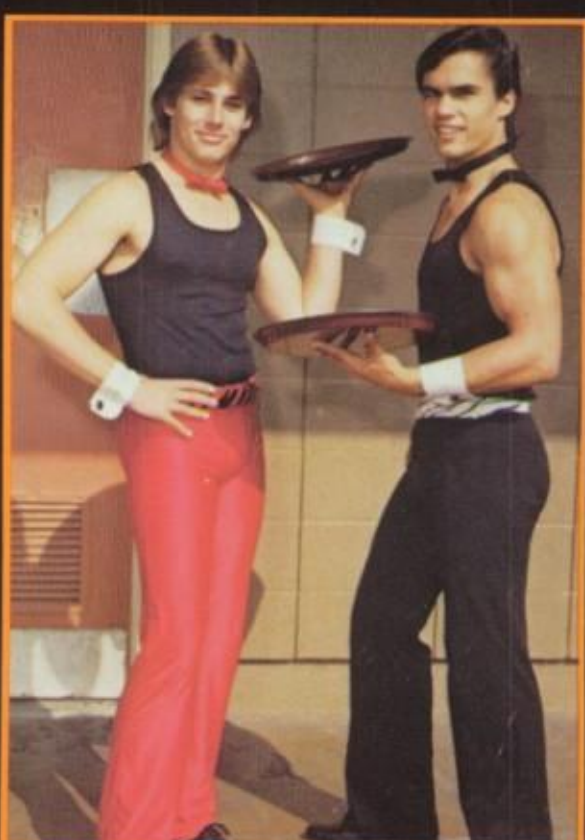

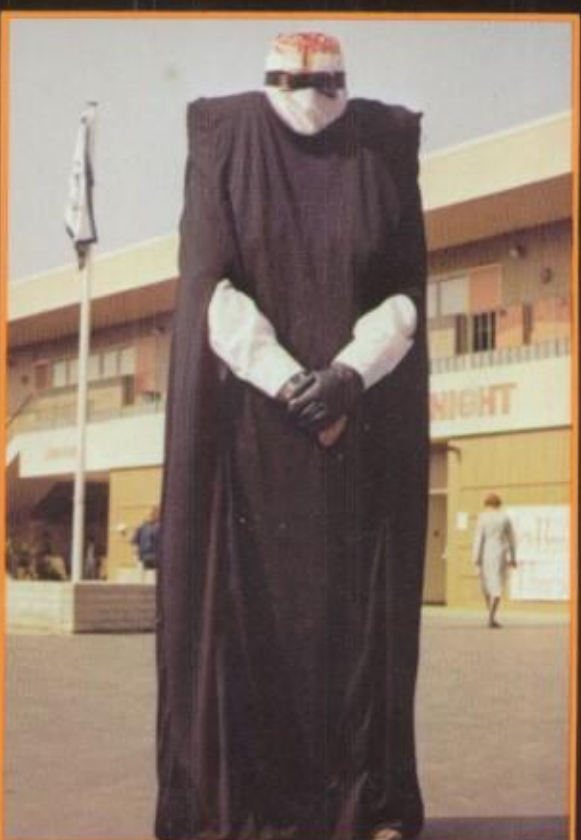

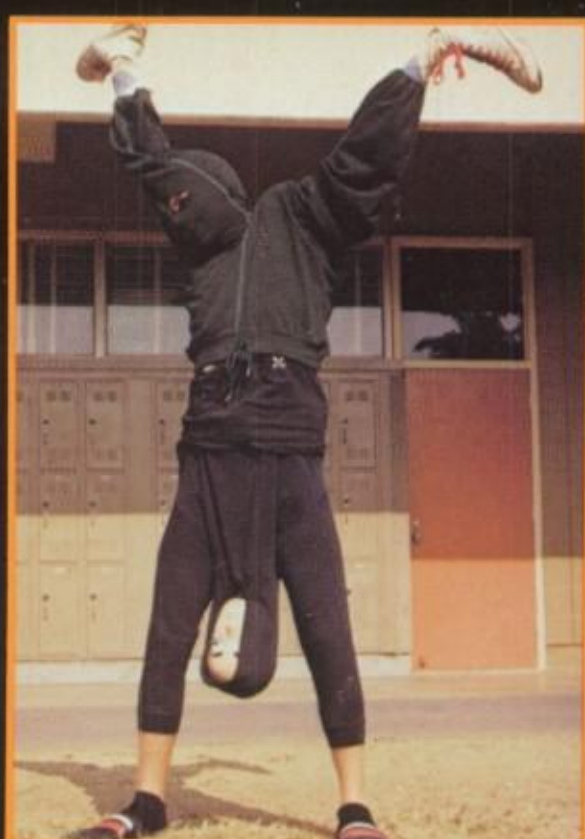

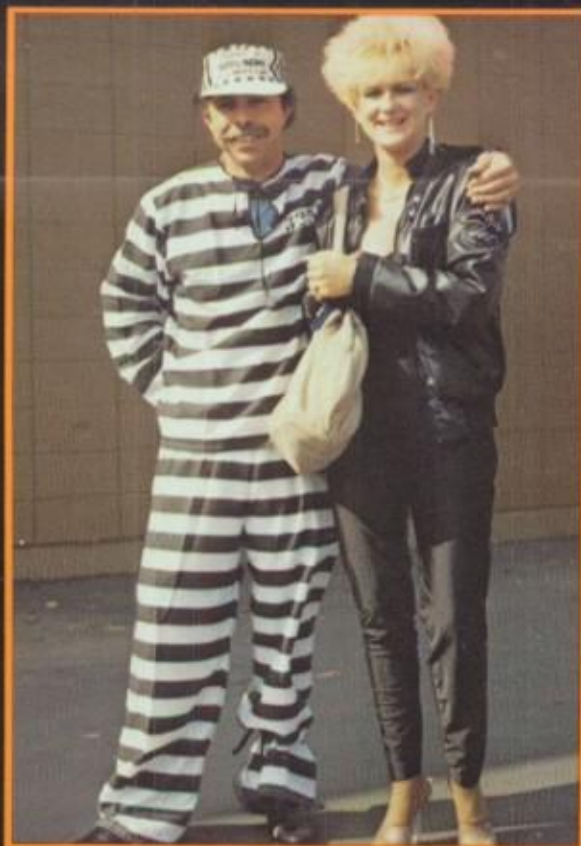

In the early morning hours of October 31, the Katella campus was silent as a tomb. In fact, the day's outlook seemed pretty "grave". As can be expected, though, students soon got in the "spirit" and the campus was filled with a variety of groaning, groveling, and grotesque creatures. No, it was not merely the early-morning "blahs" that caused this outburst of strange behavior. It was simply the enthusiasm of the student body that made the Halloween activities on campus so successful. As one student said, "The level of involvement was great. People were 'dying' to participate. Judging from the success of the celebrations, it looks like KHS may need some Ghostbusters of its own in the future.

Friends

GOOD TIMES BAD TIMES . . .

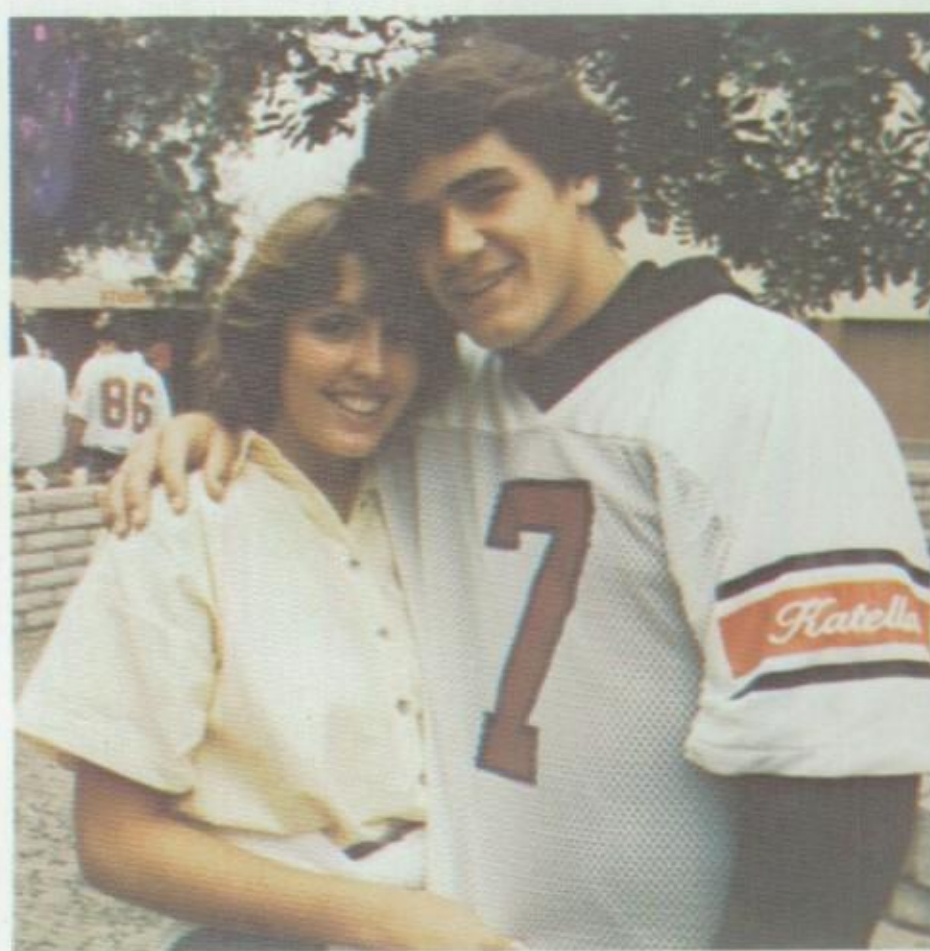

As freshmen we came to this school with fear that we were all alone. We saw ourselves as only one face in the masses. Time went by; we learned that; yes we were one, but one with all. We met new friends with whom we could share our disappointments, joys and laughter.

Remember all those mornings we took extra time to get dressed to impress that special someone? Only to get to school and find, that you and your best friend wore the same thing. Well, it wasn't that bad, but it sure seemed like it at the time. Oh, we can't forget the Brea Mall. The shopping was the best part, "and I don't mean for clothes!"

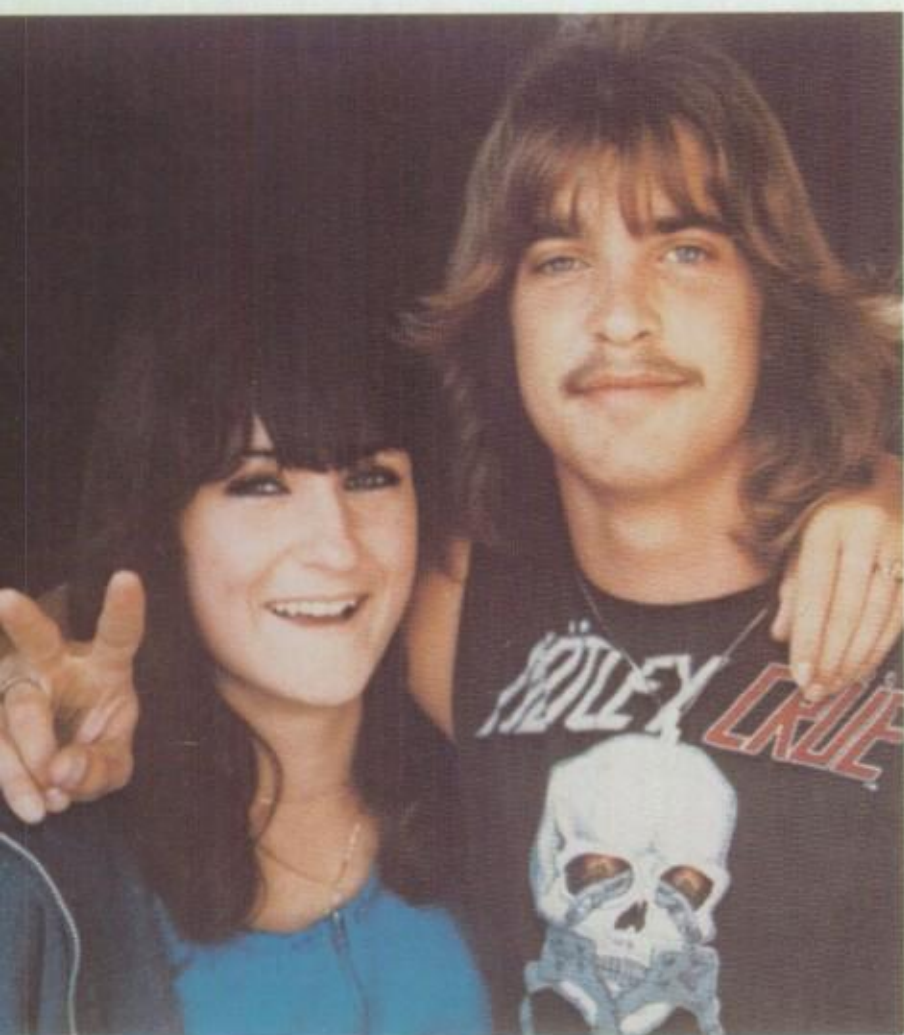

Walking through campus we could see the different trends. There were punkers, heavy metalers, low riders, surfers, breakers and we can't forget those super trendies, "fer sure!" I'm certain we can all agree that one great thing about Katella Knights was no matter how different we might have looked to each other, everyone still got along. This is what made our friendship so strong.

JUST ANOTHER DAY ...

DOUG E. FRESH broke into the PET SHOP with the BOYS. They stacked their BIG AUDIO DYNAMITE against the door, then — WHAM — it blew THE DOORS off. One of the FAT BOYS was stung by a WASP and he tripped THE ALARM. THE POLICE arrived and fired their SEX PISTOLS into the building. DOUG E. FRESH was shot and the MOTLEY CRUE didn't know if he was DEAD OR ALIVE.

MADONNA, DOUG'S girlfriend, rushed to meet them at the hospital. When she arrived, the JUDAS PRIEST was praying at his bedside. Dr. VAN HALEN was called in because he was THE BOSS. The doctor said DOUG would be fine as soon as the TIN TIN was removed from his leg.

In the next room, HOWARD

JONES was being treated for a serious RATT bite. The doctor told his brother FRANKIE that he must go to HOLLYWOOD to find THE CURE.

The latest TALK TALK of the hospital was that THE THOMPSON TWINS had been born. They were the first babies belonging to GENERATION X. There was a frantic RUSH to put the babies into incubation. A NEW ORDER had been given by the GENERAL PUBLIC requiring the infants to be incubated for two weeks. The doctors had FEAR that the babies would have SIMPLE MINDS.

The news just came in that HUEY LEWIS was being admitted to Bellevue General — but you'll hear about that in another TIME ZONE ...

"I know you are, but what am I?"

These are some of the things that you would have heard if you were on the Katella campus during the week of October 21st; Spirit Week. The events for the week were as follows:

Monday: Nerd Day, Tricycle Race.

Tuesday: Hawaiian Day, Balloon Toss.

Wednesday: Tourist Day, 3-legged Race.

Thursday: Toga Day, Chariot Race.

Friday: Color Day, assembly.

People could be seen wandering around campus wearing such bizarre things as grass skirts, cameras, Mickey Mouse hats and even Snoopy sheets.

The week came to an end with an outstanding assembly which included our talented assemblyman Matt Borden with the "Raw Seat". There were also performances by past members of Drill Team and Song and Cheer, but the highlight had to have been the fantastic performance given by Jim Lewis (class of 84).

All in all this Spirit Week proved to be enjoyed by everyone, including the Freshmen.

A Knight To Cherish

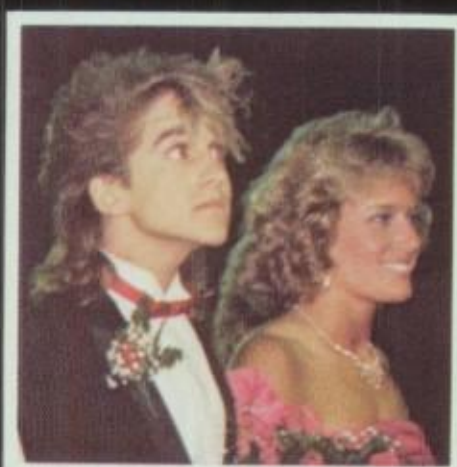

Yesterday is already a dream, Tomorrow is only a vision. A dream of happiness with every tomorrow ... A vision of hope ... cherished days ... cherished years ... in a cherished time.

The 1985 Homecoming King and Queen were Matt Borden and Linda Stotereau. The court was composed of Karen Carson, Karilyn Fisher as the Senior Princesses, Wayne Petrakis, Jim Clements, Senior Princes, Crystal Lewis, Derek Ordlock, Junior Prince and Princess, Tonya Baily, Jeff Yourstone, Sophomore Prince and Princess and Heidi Lindner, Joe Pastorello as the Freshman Prince and Princess.

The affair took place at Glover Stadium as the Kattella Knights battled the Loara Saxons. The announcement was made during the half-time ceremony, as a plane flew overhead displaying Matt and Linda's names in lights. This moment is theirs to cherish forever.

Her: "I'm surprised it's so warm tonight. After all, we are in Newport Beach."

Him: "I don't think it's ever been this warm around the 26th of October. I guess we're just lucky it's not raining or something."

Her: "Oh look, there's Linda Stortereau and Matt Borden. I'm so glad Matt was chosen king."

Him: "And Linda makes a beautiful queen."

Her: "Let's hurry up and go in. The dance started at eight and it's already a quarter 'til nine."

Him: "But don't you want to get our pictures taken first?"

Her: "No, I want to fix my hair and see who else is here."

Him: Okay, but the line will just get longer."

Her: "There are so many people here, it wasn't this crowded last year at Homecoming."

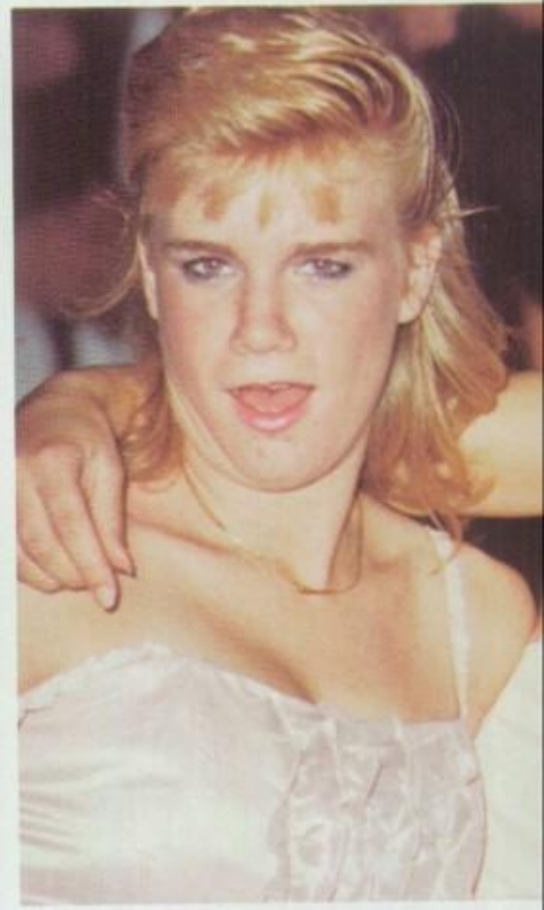

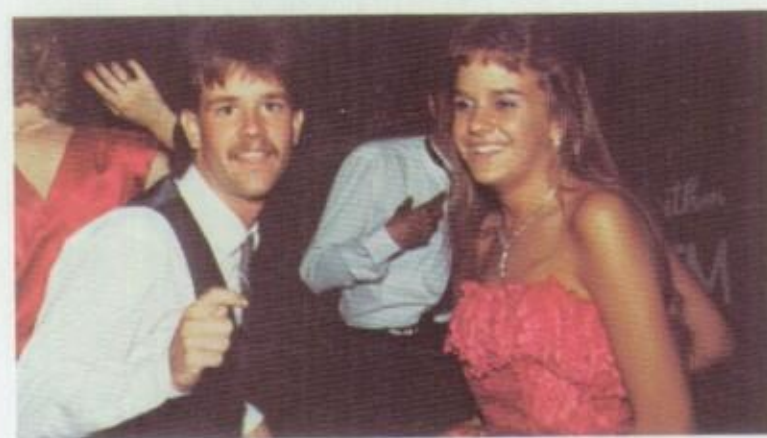

Him: "The music is really great. The D.J. from KNAC is doing a good job."

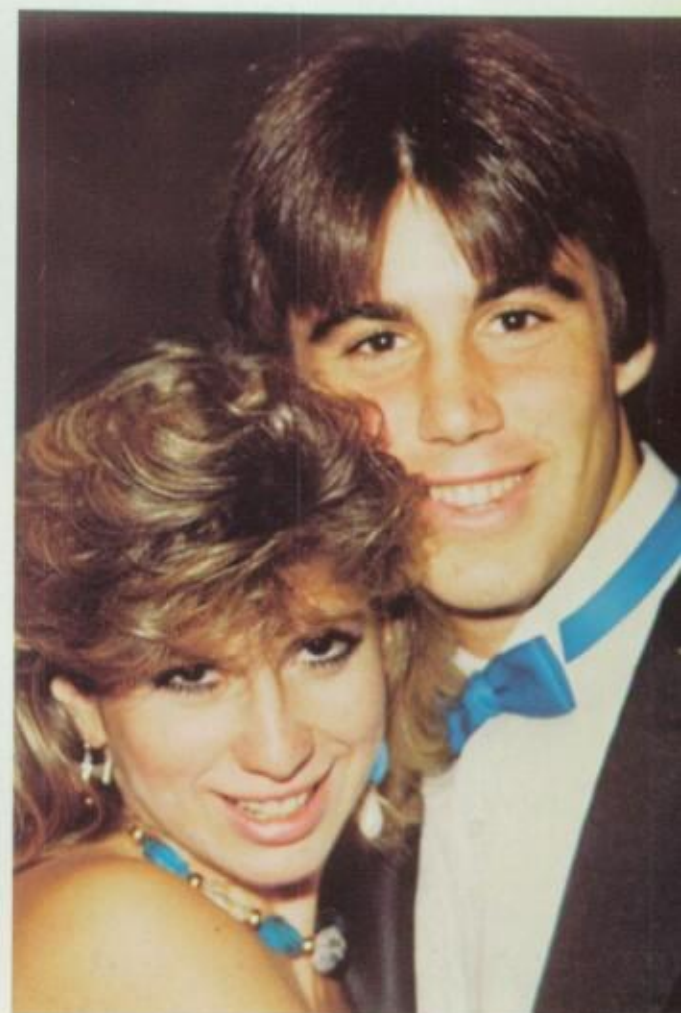

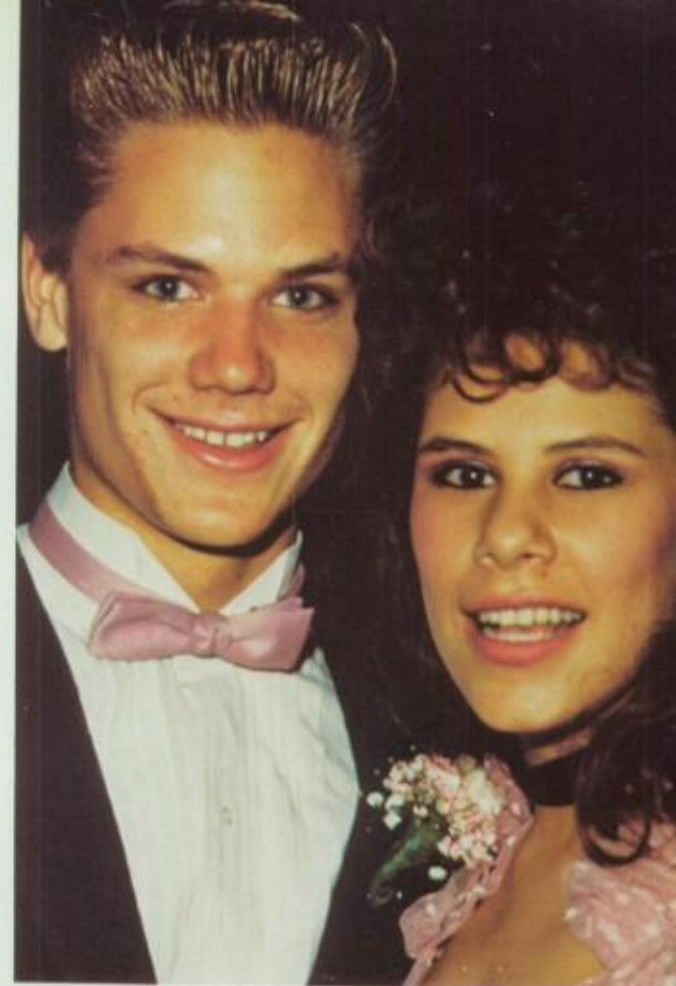

Her: "I like the atmosphere, it's different than usual. The banners from the different countries make it seem international. The senior cabinet did a good job choosing the location."

Him: "Well the theme is appropriate, 'Cherish the Knight.' I know this is one night I'll never forget."

Her: "Yeah, but I can't believe it's almost over, it's nearly twelve o'clock."

Him: "But there will be other dances, this is just the beginning of a great 1985-86 school year."

Holiday Cheer

What would December be like without the annual holiday assembly? That is a question that needs no answer, because on Friday, December 20, 1985, the entire student body crowded into the Katella gym to get that holiday feeling.

There was no snow outside, not even a breeze, but when Mr. Myers broke out into song with his annual "White Christmas", everyone crowded closer together to get warm.

The A.S.B. wanted to let us know it was Christmas time. The student body received their message through the song by Lionel Richie, "Do they know it's Christmas time?"

Santa and his Drill Team elves were next to arrive. They lit up the gym with their glitter and spirit. Then there was silence . . . "Have you all been good boys and girls?", the question was asked. The Seniors, the Juniors, and the Sophomores screamed "Yes!", while the Freshmen just nodded while visions of sugar plums danced in their heads.

LETTERMAN FACULTY GAME...

"Ladies and Gentlemen"

This is Howard Cosell, live from the Katella gymnasium, March 19, 7:30 p.m.

This has been a tradition here at Katella for more than five years. Its principal objective is to raise money for the Letterman's club. So far they have pulled in a hefty 1000 dollars to be used for banners in the gym and other expenses!"

Was it really Howard Cosell? No! But you could have fooled anyone! In reality, Jim Lewis was the commentator for this bloody battle. 'two injuries, a sprained ankle for Coach Morrell and 26 stitches for Coach Macminamin) According to Darrel Baldwin, "It was the roughest game in 3 years."

Just for the record the Lettermen were victorious with a score of 63 to 42.

Successful is the only adjective to describe this serious competition. Hopefully this tradition will continue on in the future as it has in the past!

Wow! What a success it was! Breaking the social tradition of boy-ask-girl, those usually shy and introverted girls asked the brash and silly boys to this hoedown. Boy, did that take an iron stomach. And check this out: the couples even dressed alike. How cute. Matching shirts, shoes, shorts, and hats made those dogies sure look spiffy.

Couples were joined in matrimony by the Rabbi Fried, with cheap metal rings and a peck on the cheek.

Since the dance only lasted from 6 to 10, many couples found their way to the beach, where they managed to keep each other warm (ahem) despite the cold air from the chilly Pacific.

Another year, another ASB election. On May first, the candidates were busy biting their fingernails and clustering nervously among their friends trying to look composed. The big moment arrived — it was time to give the speeches. The spectators leaned forward in anticipation, perched on the edge of their seats. No one dared to break the captivated silence for fear of ruining the magical moment. They were not to be disappointed, as the assembly was worth a few good laughs. Assembly finished, it was off to the polls to cast the votes. The results include Wade Farley, President, and Derek Ordlock, Vice-president. All in all, the ASB election continued in the successful tradition of past years.

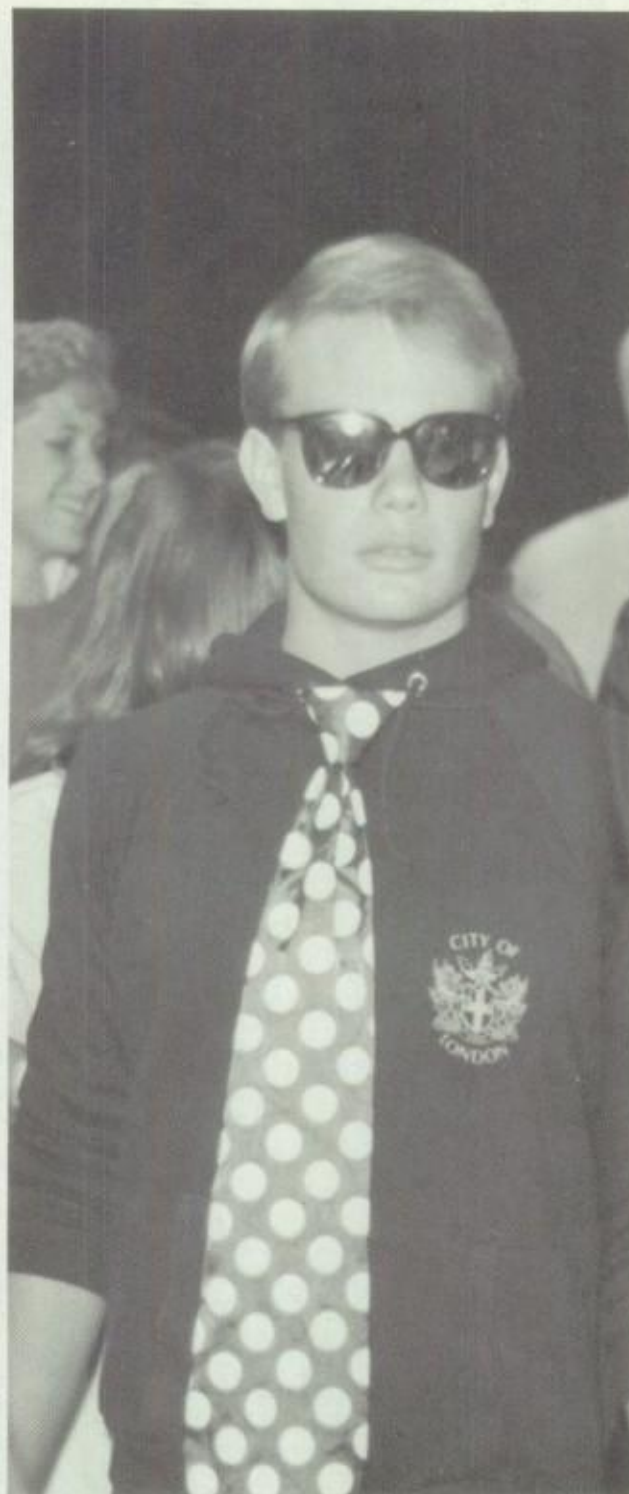

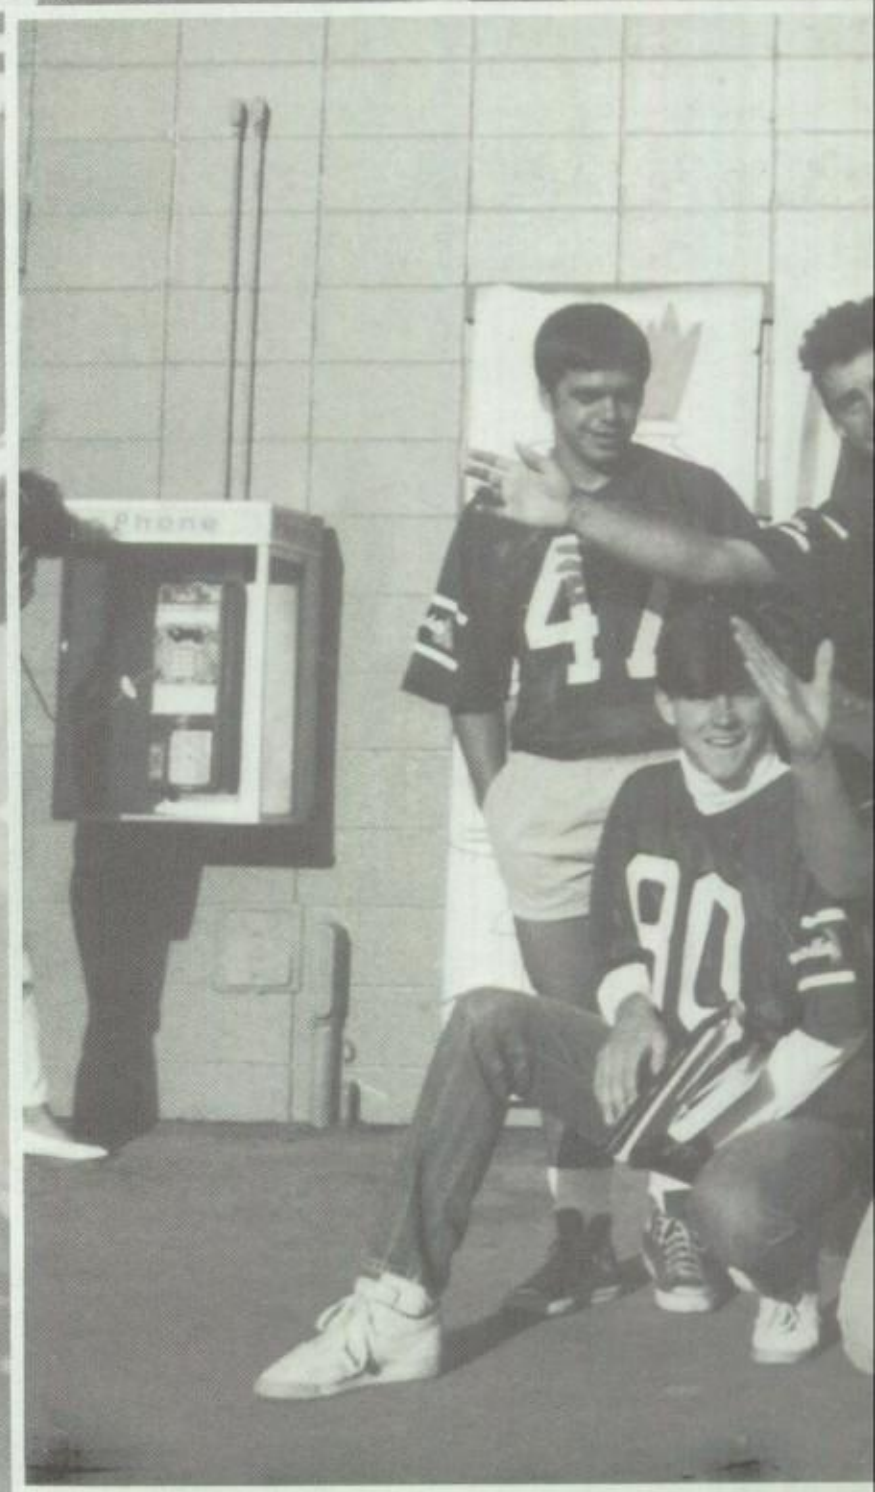

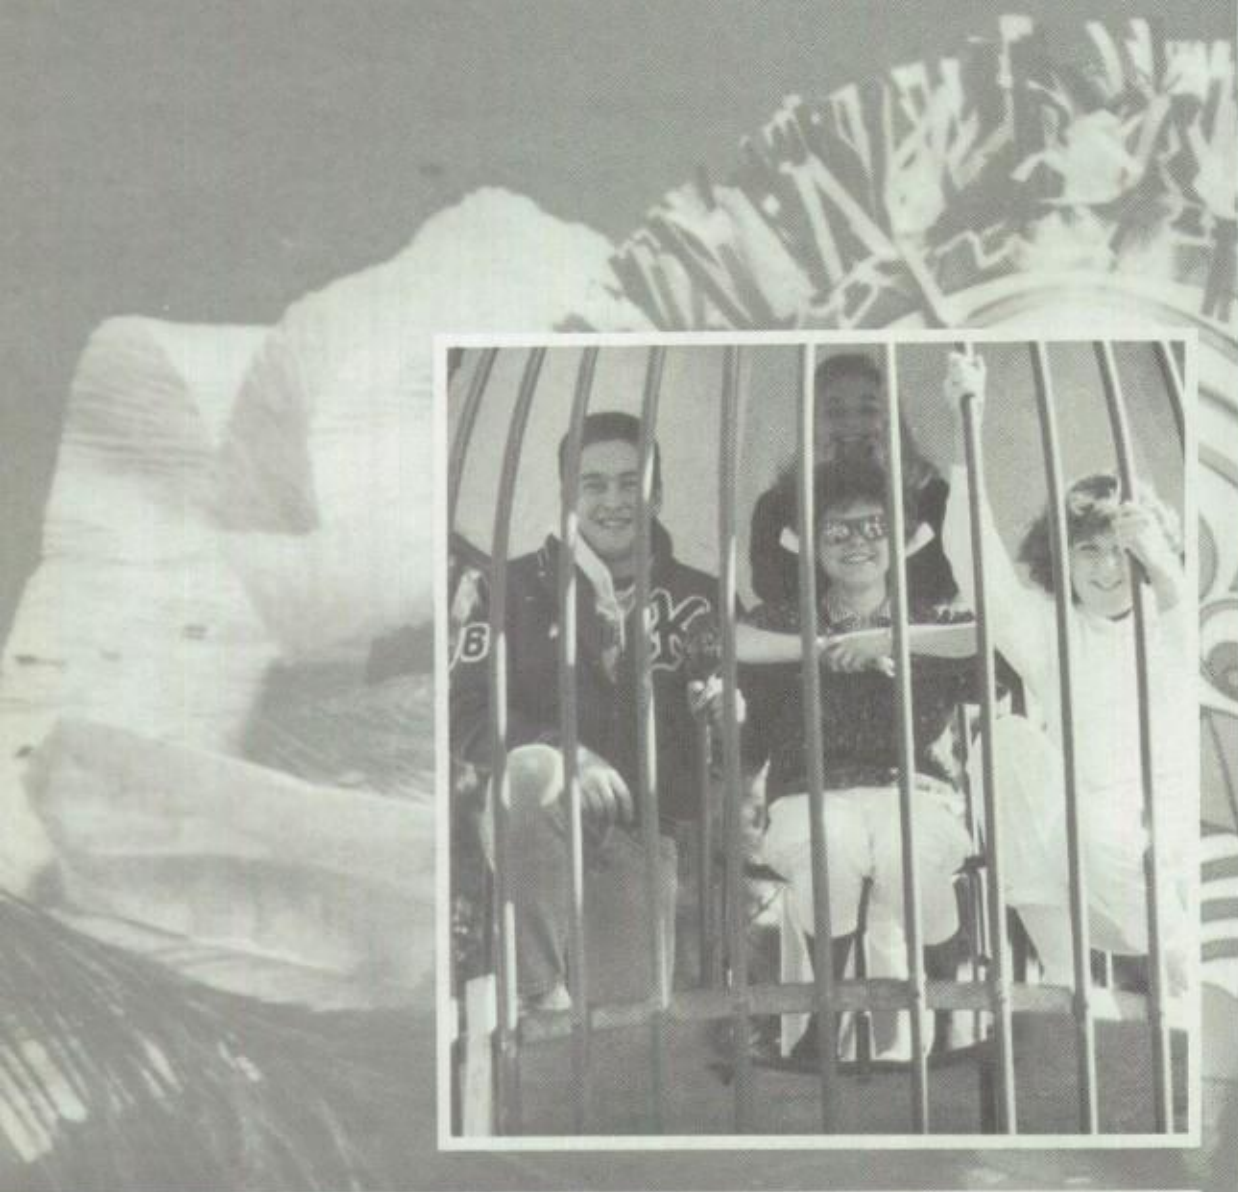

Goon Gossip

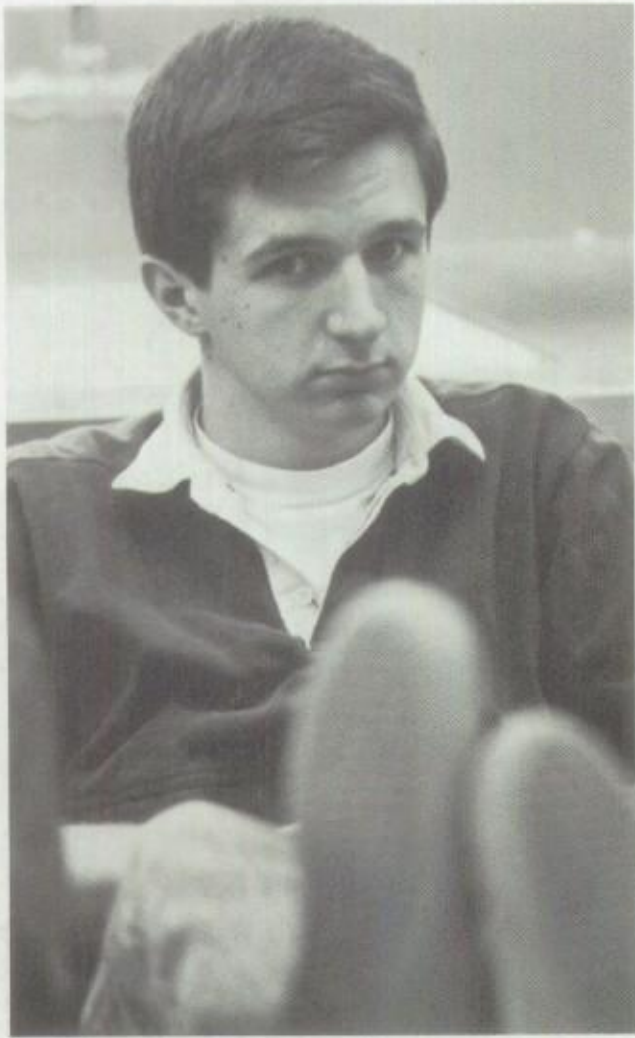

Some would argue that their vocabulary is limited to the bare necessities of game-time gab — words like "Danley", "Dicker!", "Defense" and a few others we won't mention. Others insist that the strange hats, hoots, and hollers are essential to spirit and spunk. Unless you've been hiding at home with your nose in a book, you're probably familiar with — drumroll, please — the infamous "goons", a group that spells R-O-W-D-Y wherever they go. From the moment the 2:30 dismissal bell rings, a strange phenomenon is unleashed on the unsuspecting citizens of Anaheim, Levi's, T-shirts, and Lettermen's jackets are exchanged for an outrageous array of hats, helmets, masks, ties, glasses, and face paints. The transformation is complete, and the goons can be seen piling into cars and heading for the night's crucial athletic event. What causes this seemingly schizophrenic student-by-day/goon-by-night behavior? Perhaps it's a desire to be the center of attention, or maybe it's sheer craziness. In any event, the goons were an important part of campus social life . . . goon but not forgotten.

How To Make A Legend

Putting together a yearbook is not as easy as it sounds. It takes a special group of people to work together and create a book of memories that will last for years to come. It requires someone who is dedicated and willing to put in the extra time and effort involved. Above all, it requires patience and understanding.

The members of the 1986 Legend staff had these qualities. Under the guidance of our new advisor, Mr. Bob Schnek, we combined our ideas and created the volume you are looking at now. None of us will forget the hard work and frustration that went into making this book, but the result was well worth the effort.

ASB Spells Leadership

The 1985-86 school year was an eventful one, thanks to the hard work of ASB members. Every day during fifth period, these high-spirited students got together and planned activities for the rest of the school. These activities included the ever-popular Homecoming and Winter Formal dances, along with the traditional Sadie Hawkins.

ASB members did a great deal more than planning dances, however. They also arranged for well-known speakers such as David Toma and Gary Horton to come and speak at school assemblies. These assemblies proved not only to be interesting, but informative as well. In addition, ASB organized

several worthwhile projects, such as United Way Week and the Blood Drive.

The members of ASB should be commended for their hard work and demonstration of leadership.

Full of spirit, pride, and enthusiasm, the JV cheerleaders showed everyone what Katella was all about. Besides cheering the JV teams to victory, they could also be seen rooting for Katella at Varsity games. They performed at some assemblies, too.

Captains Debbie Welton and Lisa Rhodes headed the squad, which consisted of nine sophomores and two juniors. While attending U.S.A. Spirit Camp over the summer, they received a superior trophy and shared in an all-school unity award.

The Start of Something Big

1

Watch out, Katella! Here come the freshmen cheerleaders. But beware, these harmless looking freshmen have a lot of talent. They surprised us all with their spirit which lasted throughout the year.

Head cheerleader, Staci Lehman, kept the squad going strong. They practiced at least three times a week over the summer and every day during the school year. It was exhausting work for everyone. But it all paid off when they were awarded three superior awards and one excellent at U.S. A. Spirit Camp. For these girls, it's just the beginning.

The 1985-86 academic year has been a very challenging one for the Katella Choral Department. According to Mrs. Wolfe, the Choral Director, there has been much improvement in both Jazz and Concert Choir. The singers participated in several functions, and their performances were applauded by enthusiastic audiences. The students themselves were also very deeply impressed by the Choral Department's excellent work. The following are some of the views of Silvana Tummanira who has been a member of the Katella Choir for two years.

"This has been a great year for me, even though I

have never been in Jazz before. I enjoyed being a part of the group. We had lots of fun and our tour to San Francisco was a great success. I'm looking forward to the next two years of singing."

We hope that our Choral Director will continue her efforts and support in the coming years, and that a day will come when our Katella Choir groups will outperform all other schools in the Anaheim Schools District.

The 1985-86 Drill Team once again proved their talent to be amazing under the leadership of Karilyn Fisher, Marlena Baurmann, the first assistant, and Stacey Schooping, second assistant, were also a key to their success. Mrs. Hess, their advisor, and Barbi Erbst, their assistant advisor, were not hesitant at all to explain how proud they were of the Drill Team this year, who also contributed much of their time and energy. There was much dedication put forth by the girls to clinch titles and obtain sweepstakes in competition.

The El Modena Field Competition was the first competition of the year for the Drill Team. Performing with style and confidence, they took first place and proceeded to the Chino Hills Parade to capture the Specialities Award, Best Routine and Sweepstakes. Next was to be the West Arcadia Parade, one of the more honorable and prestigious competitions, again proving their pride and determination they won Specialities and Sweepstakes. Kattella High School is honored to have such a great club on its campus. Good luck in the future, girls!

WHILE FLAGS WAVE WITH PRIDE

This year proved to be a spectacular one for Katella's Flags and Rifles. Altogether there were 34 members under the direction of Sheri Alred. Also contributing to the success of Colorguard were, Tall Flags captain Robin Lenz and Rifles captain Jackie Mathews.

The group went to BEST, a three day camp in which the girls were taught many new routines. During these eight hour days skills were improved. On the last day they all got

together to show off what they had learned.

Colorguard was off to an excellent start the first semester competing in various field competitions. Tall Flags started things off by placing first in the El Modena Field Show Tournament. Later Rifles went on to place second in the Savanna Field Show Tournament.

The second semester brought forth what would be called the "indoor" season. The girls mainly per-

formed at basketball games and other indoor competitions. Good job girls, all your hard work and effort really did pay off!

"Marching on to Glory"

As we entered the parking lot, we made a quick swerve to avoid hitting what was materializing beneath the morning fog. It had sixty-two legs, it was all different colors and shapes, and from every part of it came a different sounding note of music.

Nobody in the car even batted an eye. The driver did mumble something about the thing taking up too many parking spaces, but it didn't matter, because it was our own Katella Knights marching band.

Under the direction of Mr. Danny Wagner, the band put in many hours of dedication. Their early morning practices were just a small part.

Marching to the beat, kept up by Drum Major Brian Sentife, our band performed flawless field shows at every football game. The look of a true Knight could be seen on each face.

The band kept up in the top ranks during competitions. Parades: Chino — 2nd place, West Arcadia — 5th place. Field shows: Savanna — 2nd place, Los Altos — 2nd place, El Modena — 2nd place, and Western — 3rd place. They were also fortunate to have participated in the Anaheim Band Spectacular and the world's record balloon release, Skyfest '85.

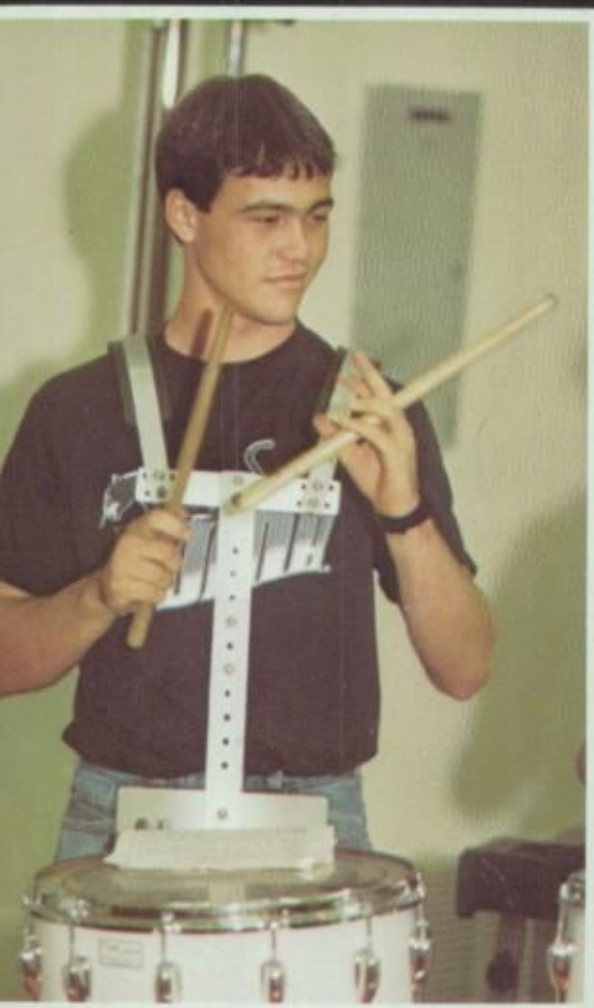

The students that make up the Katella Knights band represent true pride in our ever-changing school.

LANDSCAPERS GIVE A NEW LOOK TO KATELL

This year was a very exciting year for the students in Landscaping. They were able to complete the project initiated by students in previous years. The green house was successfully completed by the present group. They also learned about plants, and how to cultivate them. One of their achievements was the winning of the Clean Campus Award.

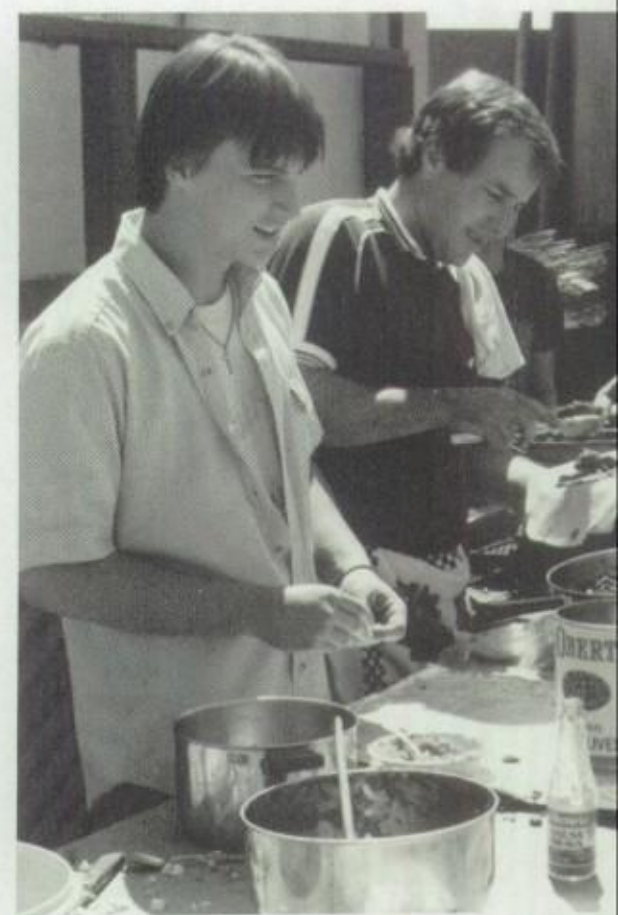

Senior Jim Horan said, "If it weren't for us, this campus would look terrible."

The current instructor, Mr. Grey, is known to all of his students as a very bright and efficient teacher.

Danny Avila says, "Mr. Grey knows his plants very well."

According to Robin Alexander, "We feel very lucky that our school has an R.O.P. Landscaping class."

LETTERMEN DARE TO CARE

The 1985-86 Lettermen Club consists of twenty six members. The members are athletes who have formed into a group to exchange views and opinions about their own athletic interests. Lettermen Jim Anderson and Billy Brownfield, who have been members of the club for the past two years, said "It is a good organization, and so far this is the best year we have had."

The highlights of the year have been the Lettermen vs. Faculty Basketball game, Toys for Tecate, and the Lampost Pizza Night.

The members believe that it was a good learning experience and it gives them an opportunity to know athletes in other fields, and obtain knowledge of different sports.

One may wonder who all the foreigners are, wandering about the campus speaking every language known except English. For the last couple of years Katella has been involved in an exchange program.

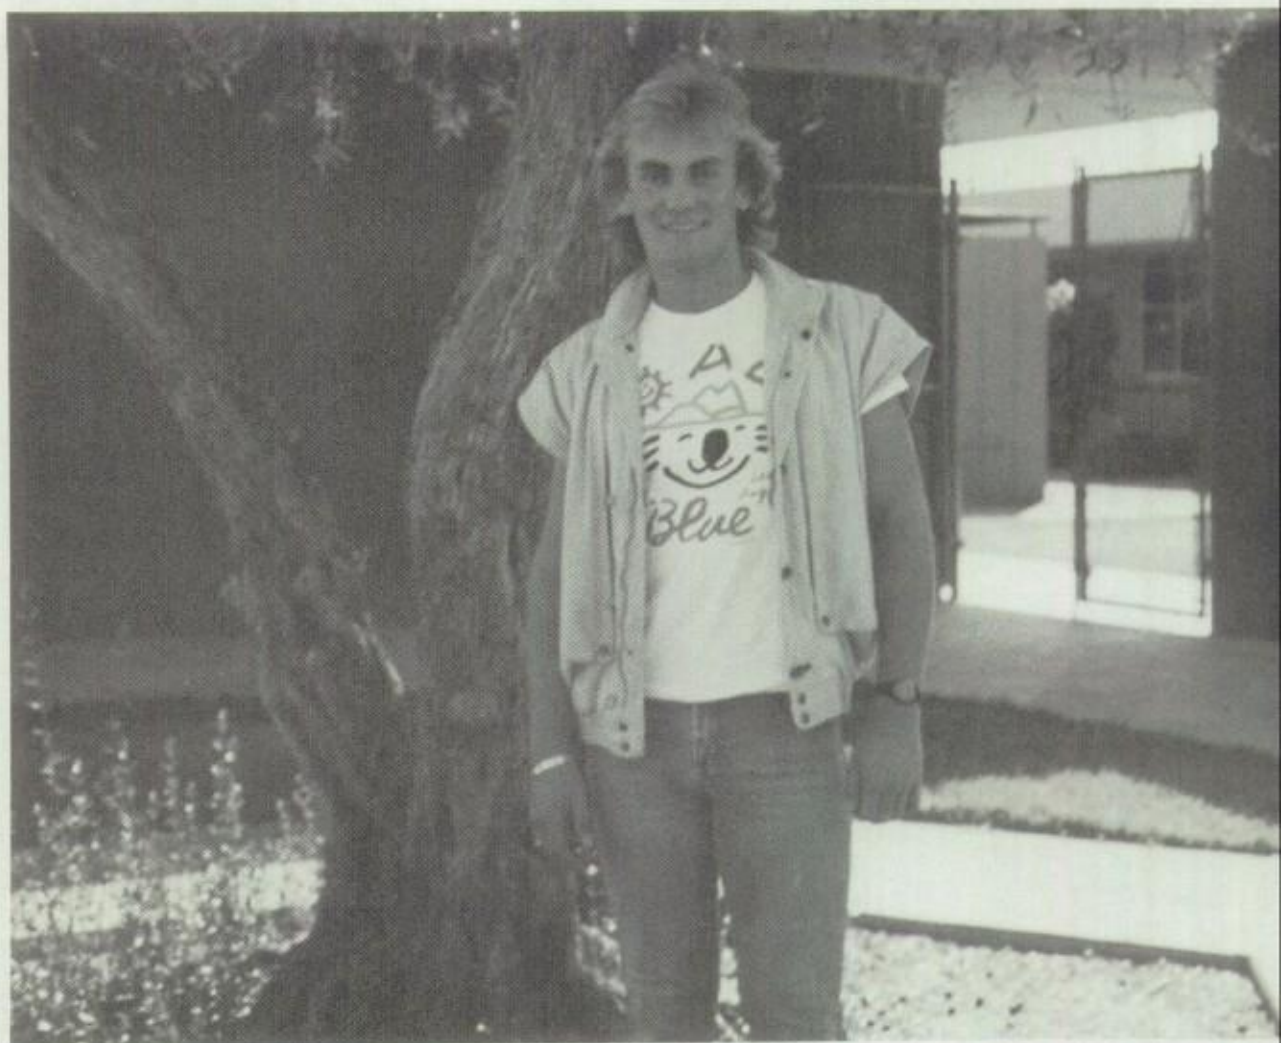

Since 1982 students from other countries have come to study and learn with the American students at Katella. One may see them roaming about and maybe exchanging a few words or perhaps making a new friend. In any case, here is a more personal look at these visitors.

Kjetil Fyrand, better known as Eagle is a senior at Katella. He is from Drammen, Norway. Here he lives with his mother and father and his sister. He came to America because he wanted a break from school. So far he has been to Scripts, Beverly Hills and some of the beaches, and of course he's been to Disneyland. When asked did he miss his family he replied, "No, because I know when I return home they will still be there." Overall Eagle said, "I really enjoyed the people and I plan to come back to America after I finish the rest of my schooling in Norway."

Jarrold Waring also a senior at Katella, comes to us from down under. He lives with his mother and father in Melbourne, Australia. In Anaheim he lives with the Slayer family. We asked him if he missed his family and he said, "'XA', I miss my mummy and daddy." Like all the rest of the foreign exchange he has been to Disneyland and to Hollywood and to various beaches. His feelings toward the school are that the kids are really nice and schools are very big and very pretty. His final comment was, "There is this girl I like she won't go out with me and she knows who she is but I'm open to others call — 059-982688."

This years exchange students really enjoyed Katella and its students. Katella is happy to be able to participate in this program and were happy to have these students.

Brains instead of Brawn

When the words "Academic Competition" are mentioned, the competitor is pictured with taped glasses and a pocket protector. Two academic clubs that have competed in tournaments successfully are the Kiwanis and Academic Decathlon teams. Both of these disproved that "Brain" stereotype.

The Kiwanis Club competes in one main tournament with schools throughout Orange County. It has five on it's team plus five alternates. The rest of the club supports it's team members, and each has a possibility of substituting for any of the team members.

There are two teams for Academic Decathlon — junior/senior team and the sophomore team. The jr./sr. team competes in the fall and the soph. team competes in the spring. In this competition, the competitor is required to take tests, be interviewed, and speak orally in front of a panel of judges. The whole team competes in the Superquiz in a quick answer elimination process. Individual as well as group awards are given at a banquet for each team.

These wizards compete. They have brought Katella much pride. It just goes to show: You don't only need brawn to win but also brains!

Spanish Club Says "Olé!"

Señora Guzman and her cabinet of dedicated officers Angie Ren, Rachael Bacon, Sharon Bae, and Kristine Brower have had yet another eventful year.

Membership in the club increased greatly, making the activities and fund raisers more successful than ever.

During their meetings and luncheons they planned trips to L.A. and were taught many cultural lessons. Having traveled greatly through places such as Mexico, Señora Guzman is very knowledgeable in Spanish tradition. Thanks to her genuine efforts, the Spanish Club has evolved into a thoroughly enjoyable experience for all participants.

Gaining Culture in French Club

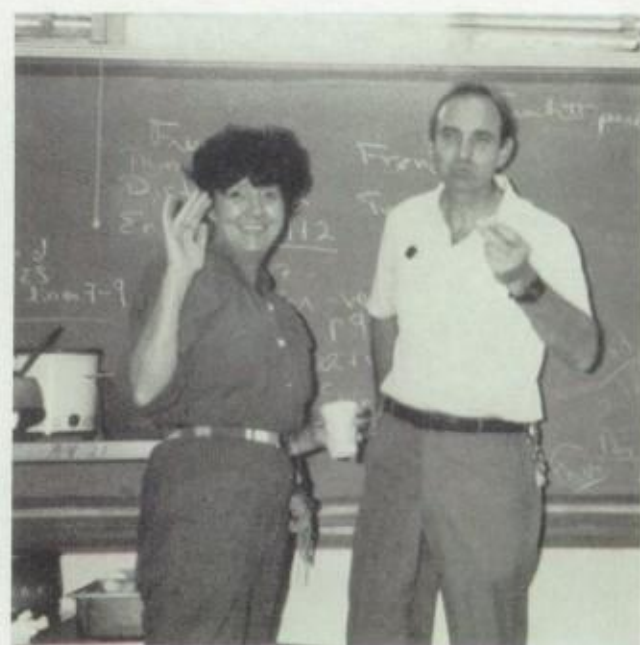

Under the guidance of Madame Strahan and president Heather Martens, club members were exposed to the French culture.

During numerous luncheons, members were able to sample various pastries and other well-known French dishes, such as quiche and soufflé.

French culture could be heard, tasted, and seen in the forms of music, cuisine, and art throughout the year. Highlighting events were trips to the L.A. Art Museum, Farmers Market, and Balboa Park in San Diego. Not to be forgotten was the viewing of a couple of good French movies.

All of this was possible because of Madame Strahan's ability to instill true excitement in learning, allowing members to enrich their knowledge of French culture and language.

Math Computers and Future CPA Clubs Account for a Great Year

The Math and Computer Club exists primarily to help its members learn more about computers.

Under the direction of Mr. Wiederman and Mr. Werschke the club had an outstanding year, as members ranked highly in Orange County Computer Contests. In the fund raising department the club sold calendars raising approximately seven hundred dollars.

As the times are ever changing there is a definite need for finance wizards to conquer the challenge of the complicated business world.

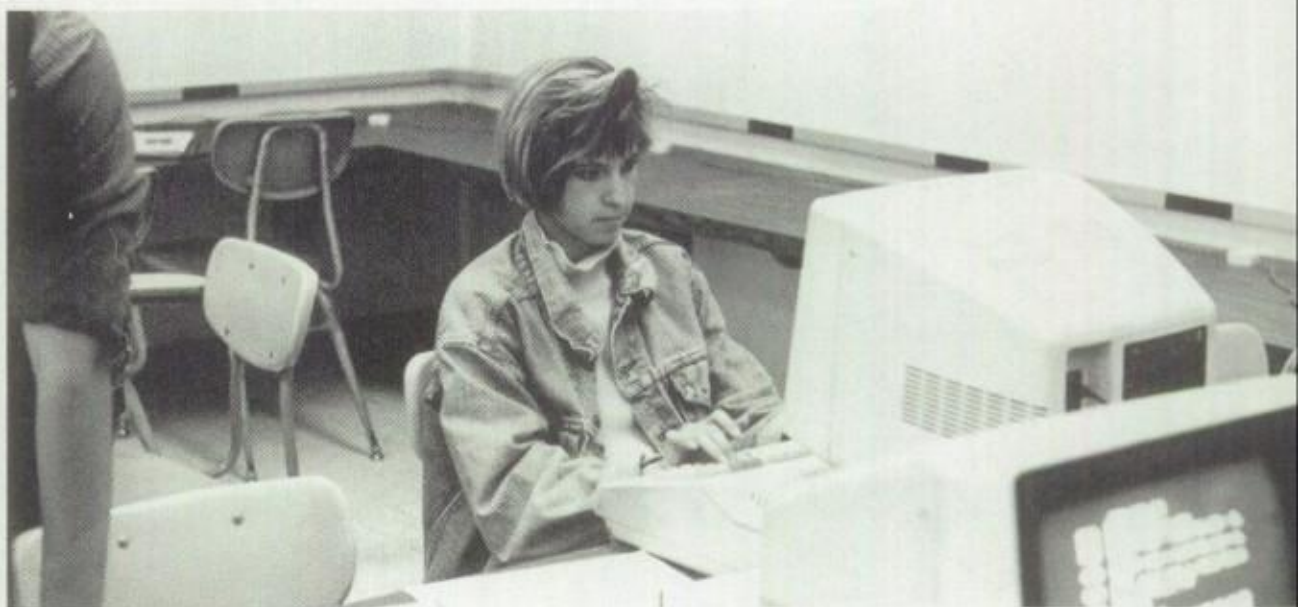

Mr. Lenihan's fifth period class known as The Future CPA Club has students with high hopes of being some of the business masters of the future. Only advanced accounting students qualified to be a Future CPA member.

To assure a proper background in business education, Mr. Lenihan takes his advanced accounting students to Northrop Corporation where they tour the business and computer sections. On the return trip the club stops for a picnic. Future CPA members also helped many students with their tax forms.

The Club had fund raisers during the school year consisting of: Bake Sale in the Business Department only and the illustrious raffle of the Chinese Ring Necked Pheasants. The fund raisers provided for a year end banquet for the members and also to get next year's Future CPA members started.

Speech Reaches New Heights

Imagine standing and speaking in front of a room filled with people, all eyes on you. Sound scary? Well, that's exactly what members of the Speech Club do on a regular basis. This year's Speech Club competed at organizations such as the Rotary Club, Optimists' Club, and Kiwanis Club. Speakers may receive cash awards, trophies, or scholarships.

When members of Speech entered a contest, they were given specific topic to speak on. Some of the more memorable ones were: "New horizons for American Youth," "Space exploration — what purpose?", and, last but not least, "He profits the most who serves the best."

Miss Preston, second year speech coach, has helped the club reach new heights. Kathy York placed second in the Voice of Democracy competition. Diana Burgett, along with York, won cash awards at the Rotary Club competition.

Speech teaches people important communication skills that can be used for college and future life. This year's Speech team has truly been something for Katella to be proud of.

A Circle of Creativity

"O.K., let's form a circle!" yells Mrs. Mizer.

Squeak! Bang! Boom! The desks form into a not-so-perfect circle, but it's close enough for us. We assemble into our groups: the quiet, the loud, the clowns, and the sophisticated. Everyone fits in somewhere.

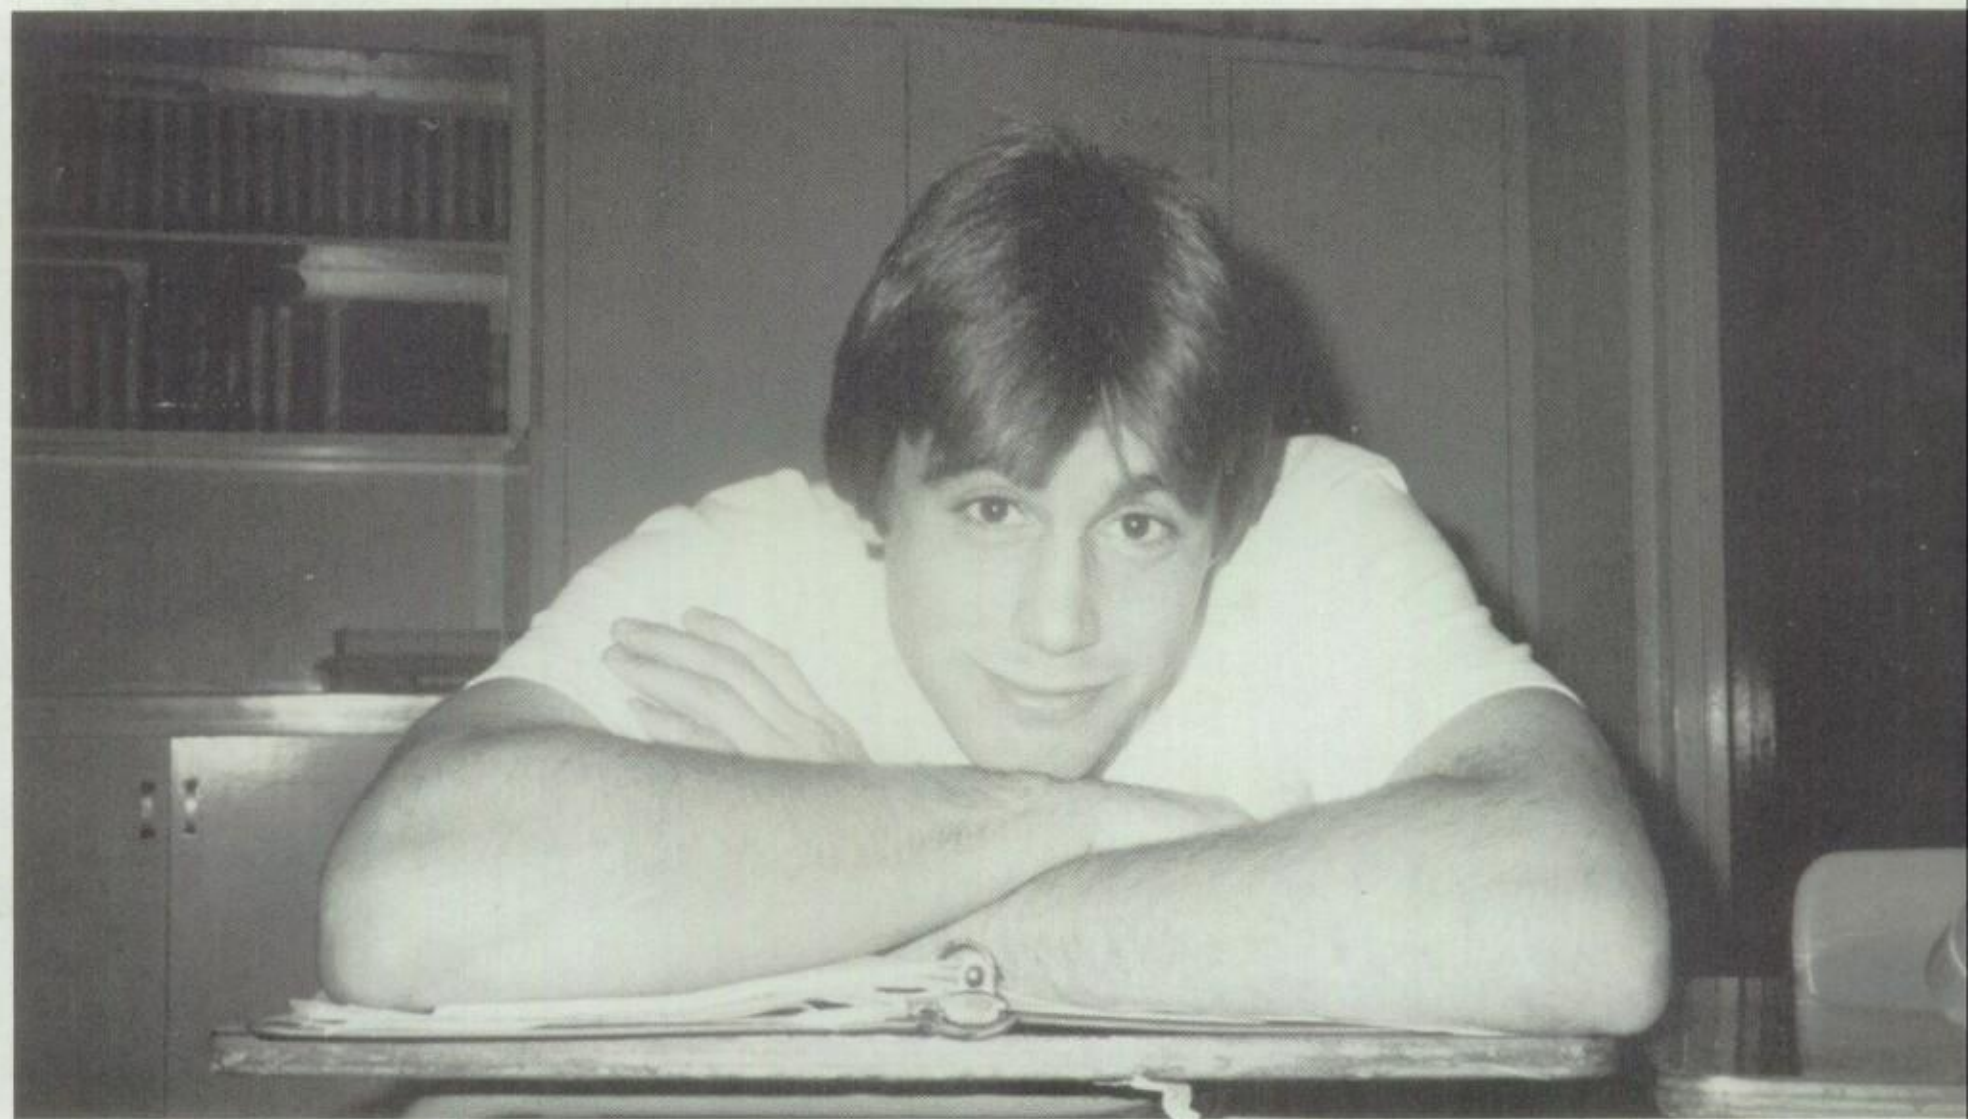

To some our circle may seem like a trivial way to waste thirty seconds, but to others it is significant. Here

we share our hopes, our dreams, the bizarre, the funny, and the romantic. Mostly, though, we share each other's thoughts and aspirations, and what they mean to us.

The circle is a special place — there's nothing else quite like it. We feel like one big family where we all relate to each other. A tear, a laugh, a moment in silence — it all combines into a learning experience

which can't be found in a film or a worksheet. What we feel is an acceptance in the circle of creativity.

Excaliber Soars

The Excaliber, Katella's award-winning student newspaper, entered the '85-'86 school year with conviction. The staff members returned from summer vacation to discover that the Excaliber had won a first place award from the Columbia Scholastic Press Association for the second year in a row.

The '85-'86 staff has continued to uphold this tradition, headed by Christine Fix, Editor-in-Chief. The page editors include Karen Wuest as news editor, Christine Fix as editorial editor, Jennifer Rowley as

feature editor, and Jim Anderson as sports editor.

The Excaliber staff tries to include stories that cover a full spectrum of news at the community, state, and national level. The staff is challenged to cover these events in a professional journalistic fashion.

Advisor Peggy Harju, in her third year as advisor, commented, "Each year is more challenging than the year before." "Working on the newspaper is a tough job, but you can see the results," added Christine.

"All the World is a Stage"

All the world is a stage . . . and the Drama Club here at Katella added to the excitement on that stage by providing entertainment for the student body.

The success of the Drama program stemmed from cooperation of all the members. Everybody was involved somehow: acting, building sets, taking tickets, or selling refreshments. Through the successful production of several plays, the Drama club proved themselves to be a true "club" — a group of people working together for a common purpose.

I'd like to thank the members for this great cooperation!! Thank you!

The club was led by Stacy Payne (vice president), Jennifer Rowley (secretary), Franka Chavez (treasurer), Leslie Flory (historian), Lisa Owens (raffle chairperson), Heather Sullivan (refreshments), and the adviser, Peggy Harju. To all these officers and our adviser — a big kiss!!!

G.A.T.E. Play Draws Crowds

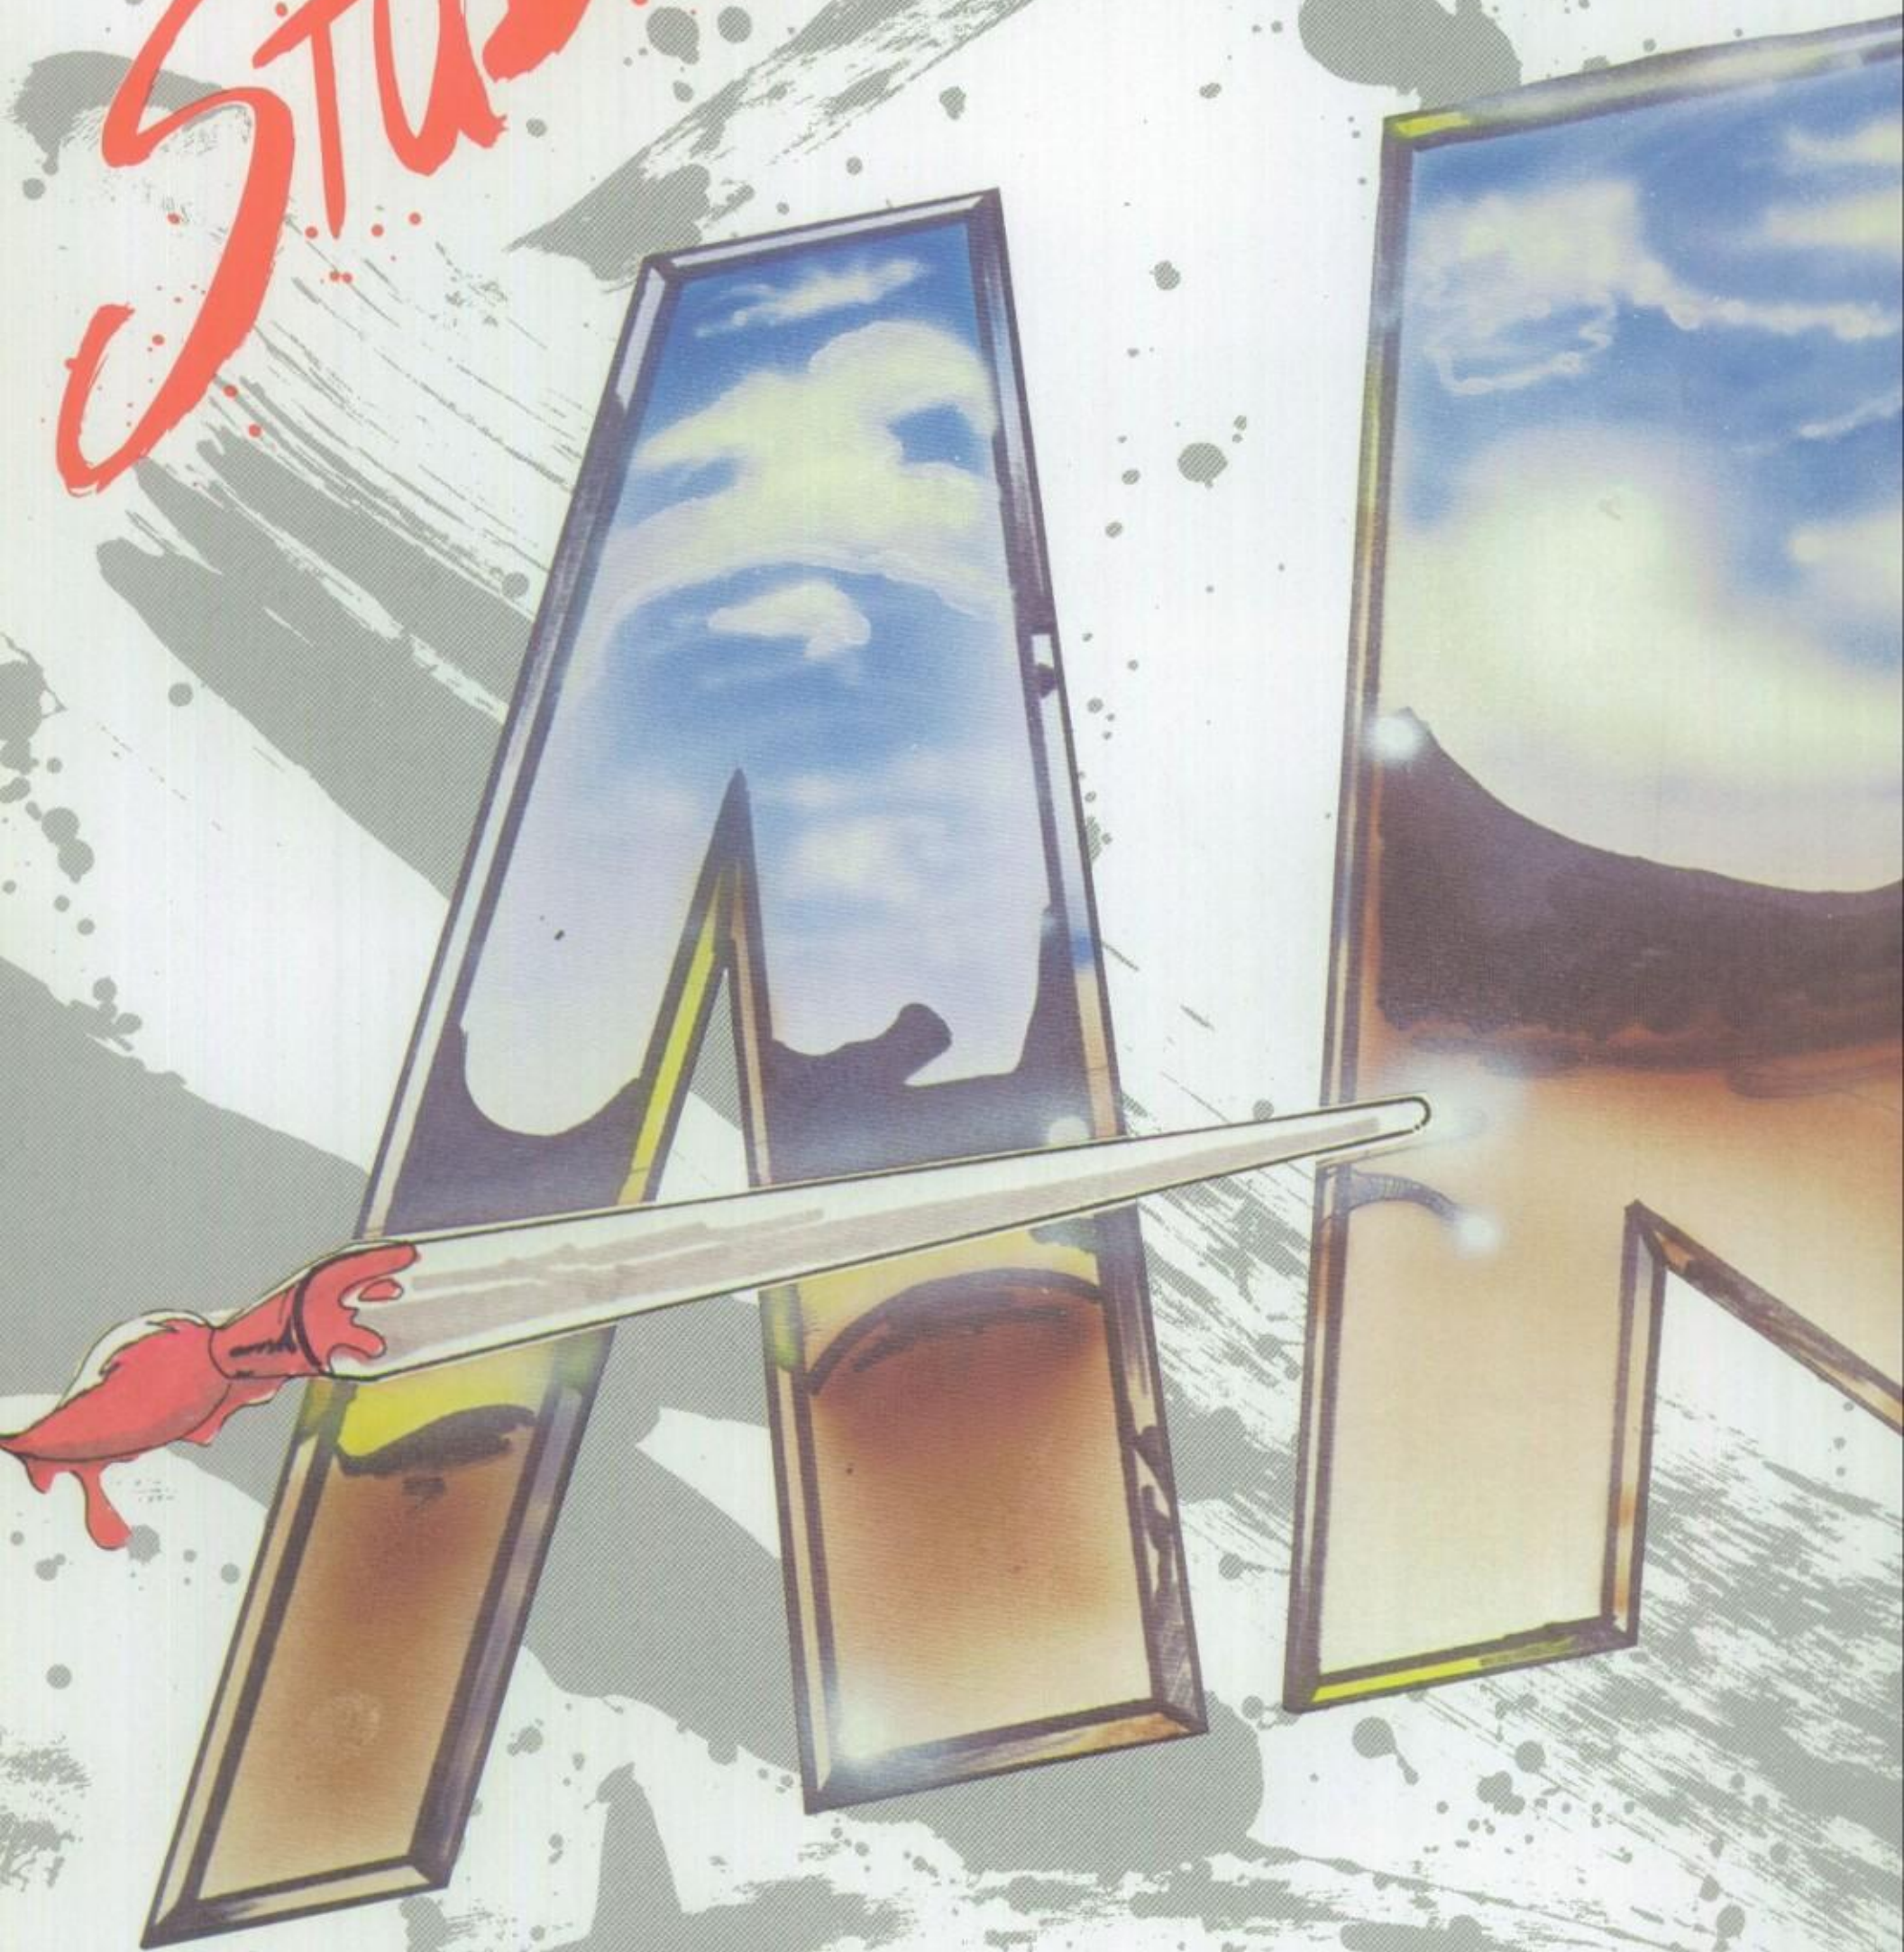

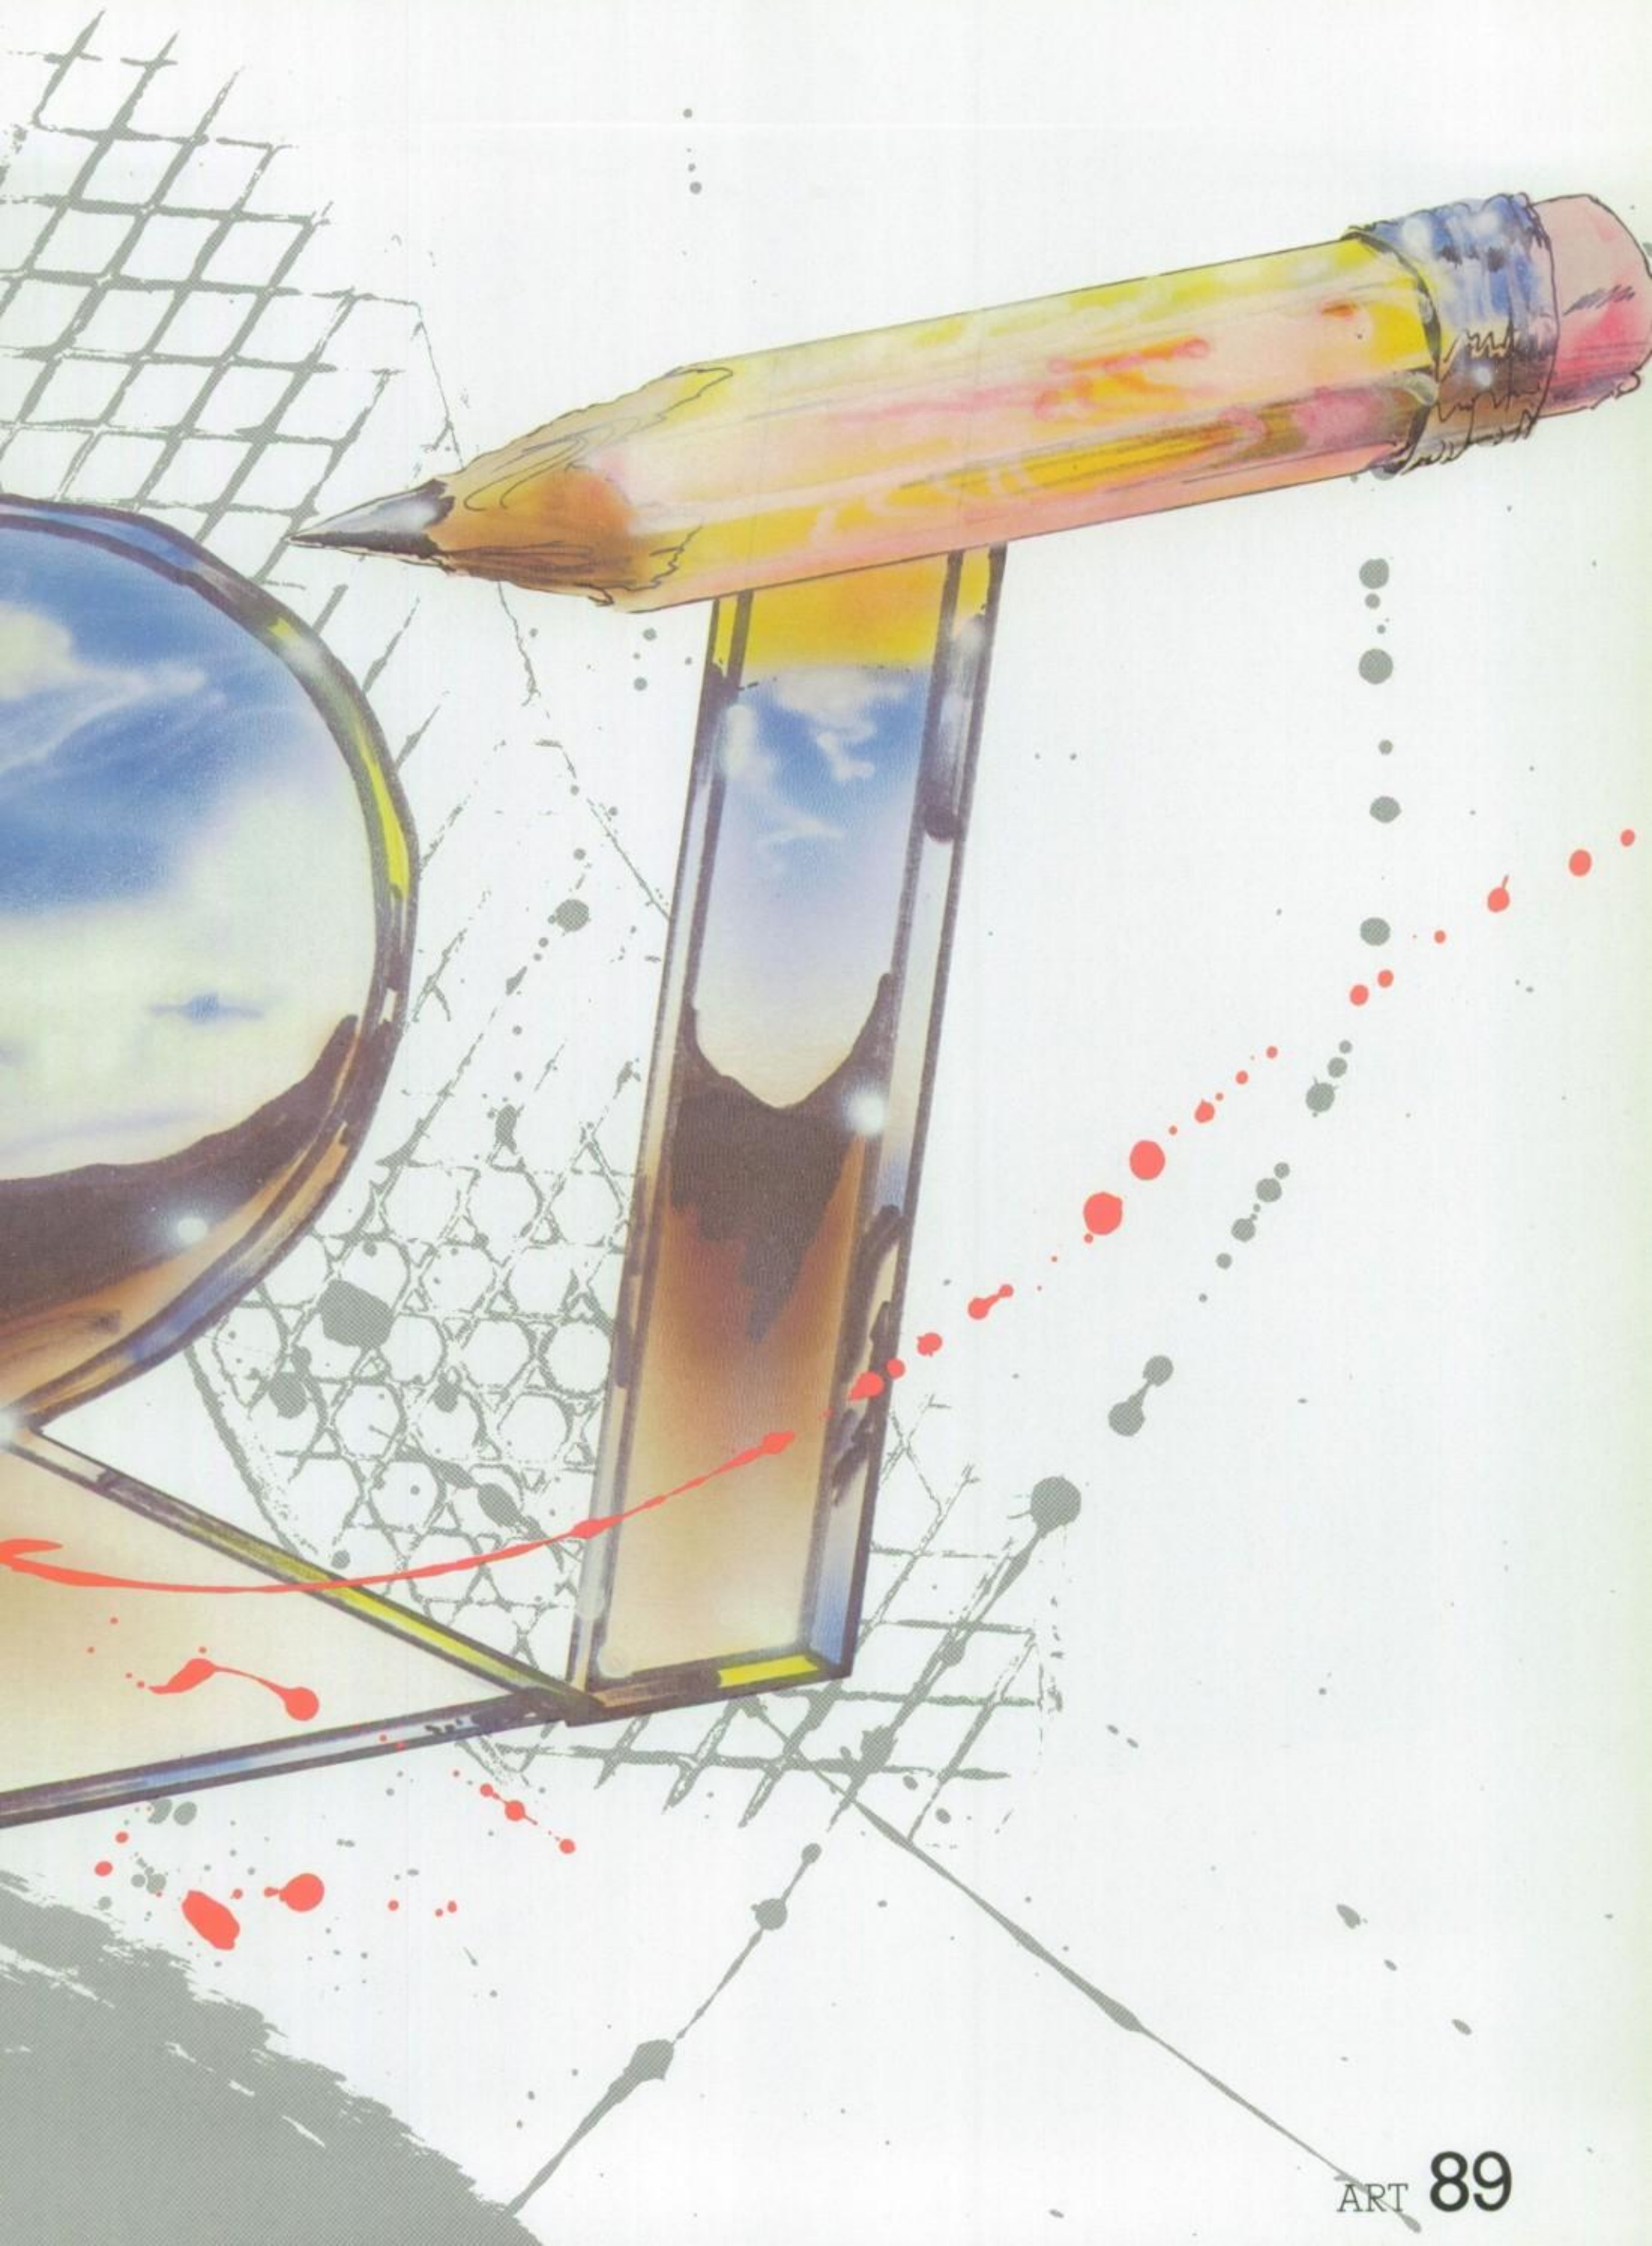

In March of 1986, "Our Miss Brooks" was presented at Anaheim High School. The district-wide GATE play starred thirteen Katella students and was a great success. The storyline revolved around the production of a school play and all the problems that went along with it. One cast member was quoted as saying, "It was an experience I'll never forget."

Congratulations to Peggy Harju and her cast for a job well done.

CHAMPS

For the first time in nineteen years, the boy's varsity captured the title of Empire League Champs. Led by one of Orange County's finest runners, Dave Dement, the Knights ran undefeated in league and advanced to CIF for the seventh year in a row. Their training started in July running up to 85 miles per week. In August, the team traveled to Mammoth to run in the high terrain. Mammoth practices consisted of daily 8-14 mile runs, a little fishing and a lot of Pizza Rosa. At Mt. SAC, one of California's toughest courses, the Knights finished second in their division. With most of this year's team returning next year, it is hopeful that the Knights can again capture the league title.

WATER POLO

There was certainly no lack of enthusiasm, but there may have been a lack of wins for the '85-'86 Water Polo Team. Team Captain Albert Sanchez said, "This year's Water Polo season was long and hard. Even though we didn't win many games, we still won in a sense of fun, met new people, and learned as a team about team. Hopefully with the new talent coming up next year we should be able to have many more wins."

Despite a losing streak, Coach Brown had positive things to say, "Everybody on the team stayed together and put forth their best effort."

The JV Team had a somewhat better performance with a 3-7 record. They successfully rallied to win against Pacifica, Loara, and Kennedy. Team Captain Brad Eberhard wrapped it all up when he said, "Frosh/Soph had the most wins, a lot of team spirit, and a great year."

Katella Finishes Season With Pride

The Knights had the chance to turn what seems to have become a 14 year losing tradition around. Coaches, newspapers, and the community all recognized Katella, during Spring ball, as one of the teams to beat in the Empire League. The Knights, under coach Richard Watson, opened their pre-season against the Magnolia Sentinels. Three minutes into the first quarter, Katella found themselves on the board with a 7-0 lead. Receiving the ball on the 24 yard line the offense, led by Greg Portis and Terry Johnson, began its crushing drive. On six carries, Johnson fought his way into the in-zone, giving the fans and the team a vision of the possible. At the games end a tired and battered Katella football team left the field short of a 24-7 Magnolia victory. It was apparent that the Knights inconsistent ability to score and a young defense would hurt them drastically. The team finished their season with a 2-8 record. In their first victory, the Knights shut out the Orange Panthers, (20-0). Katella's running game was just too much. Between the efforts of Greg Portis and Terry Johnson, 360 yards were gained on the ground. The Knights' second victory came in the last game of the year. Katella lined up against the Cypress Centurions for the Toilet Bowl Championship, both teams being 1-8. The team not only came away with a victory, but a championship that only a true big-hearted Katella football player could appreciate. Individual awards went to: Greg Portis — Most Inspirational, Brian Gass — Most Improved, Chris Reeves — Scholar Athlete, Tim Clement — Most Valuable Back, and the Knight of the Round Table awards went to Earl Boberg and David Done.

Vilaysak and Pasterello Have What It Takes

The Sophomore football team started their season off with a bang. Katella's Sing Vilaysak returned a Magnolia opening kickoff back for a 90 yard touchdown run and led the team on for a 21-7 victory. Before being brought up to the varsity level, the sophomore tailback managed to accumulate over 1000 yards rushing. Even with the great efforts that Sing and the rest of team put out victories came seldom and few. The Knights only victories came from Orange, Magnolia, and Cypress. The team finished their season with an overall record of 3-7, but when this team combines with the varsity team next year, there is going to be a battle for the Empire League. Individual awards went to: Ron Axworthy — Team Captain, Robert Ganzales — Coaches Award, and Sing Vilaysak — M.V.P.

On the other hand, the freshman Knights went into league play with a 1-2 record. After falling to Magnolia and a tough Bishop Amat team, the Knights came into their own and crushed Bellflower by a 26 point deficit. Led by the team anchorman Joe Pasterello, the Knights met up their arch rivals, the Loara Saxons. After what seemed to be the longest game of the year, the team had to settle for a 12-12 tie. Katella went on to win their next three games, including a big victory over the undefeated Esperanza Aztecs. The young Knights finished their season with an overall record of 4-5-1. Team awards went to: Jeremy Sherman — Most Improved, Tim Hall — Coaches Award, and Joe Pasterello — M.V.P.

There was some doubt from last year as to the team's ability to do well but, as always, the Knights came through with flying colors. An echoing whistle ends another girls volleyball game. Despite all the team injuries, they didn't let it get to them. They lost one of their returning starts for six games and consequently suffered two losses. Still the Knights worked together and never lost faith in what they could do. The varsity team won seven out of the fourteen games played in the league.

The J.V. Team was under the direction of Abbie Flanagan. The team did well and improved 100%. However, they had an upsetting loss to Esperanza. The MVP went to Stacey Johnson and the most inspirational went to Jacque Tamura.

SOCCER STRIVES FOR SUCCESS

Katella's 1986 Boys Soccer teams had a difficult season against this years league.

Varsity won 4, lost 11, and tied 4. Bob Rojas was influential during this tough season. Great efforts were made by Most Valuable Player Greg Matlin, who is also an athletic scholar, Outstanding Offense Richard Castro, Outstanding Defense Corey Clubb, and Most Improved Darin Voigt.

J.V.'s overall standings were 7 wins, 8 losses, and 4 ties. Outstanding efforts were made by Jeff Guidi who was Most Valuable Player, Outstanding Offense Eric Meunier and Bryan McDaniel for best offensive. Coach Jose helped the team with great enthusiasm.

Even through this tough season, the teams brawled it through each game.

SOCCER TAKES A SHOT

Katella's 1986 Varsity and J.V. girls soccer teams put out great efforts against this years tough league.

Varsity won 3, tied 1, and lost the rest. The biggest game of the season was the victory over Pacifica, who was the first place team in League. Great efforts were made by Most Valuable Defensive Player Rikki Smith, Most Valuable Offensive Players Kelly Taylor and Amy Daily, and Most Inspirational Jennifer Shepard. Coach Abbie Flanigan helped the team with her great enthusiasm.

Even though J.V. had a tough season, losing all their games, the team stuck together and enjoyed themselves. Outstanding efforts were made by Most Valuable Player, Tracy Driscoll and Most Inspirational, Cherissa Chew. The J.V. coach Sue Spencer was a great influence on the team.

Although the Katella girl's teams had a difficult year and tough competitors to contend with, through their spirit they pulled together as a team.

WRESTLING

Wrestlers Grapple To Victory

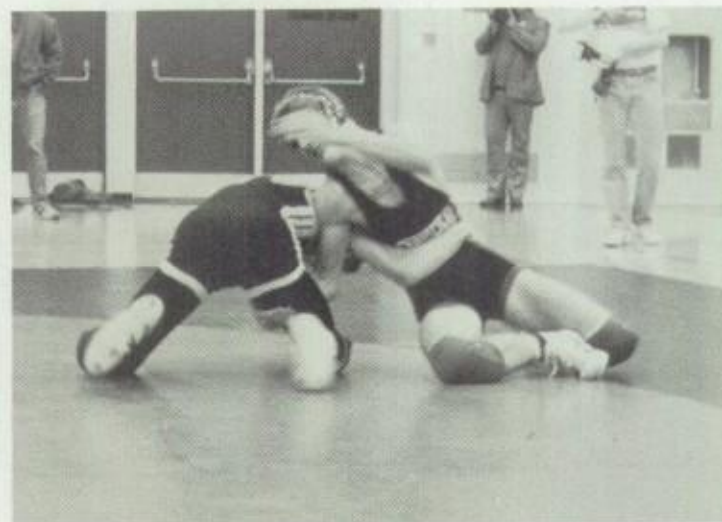

In the past, Katella's Varsity wrestlers have shown their superiority and truly outstanding spirit. Awesome individual performances were given by Rod Swearingin with the second overall individual record and a truly fantastic first place finish in Empire League finals. Joe Kim, who also had an outstanding overall record, placed first in Empire League finals. He went on to C.I.F. and placed fifth. Not only did Rod and Joe have a great season, but the whole team had an exceptional year. The team had some spectacular victories such as first place in the Chino 12-way, where they finished with a 17-3 record. With the talented, upcoming J.V. and Frosh/Soph wrestlers, coach Werschke looks forward to a great future.

WRESTLING

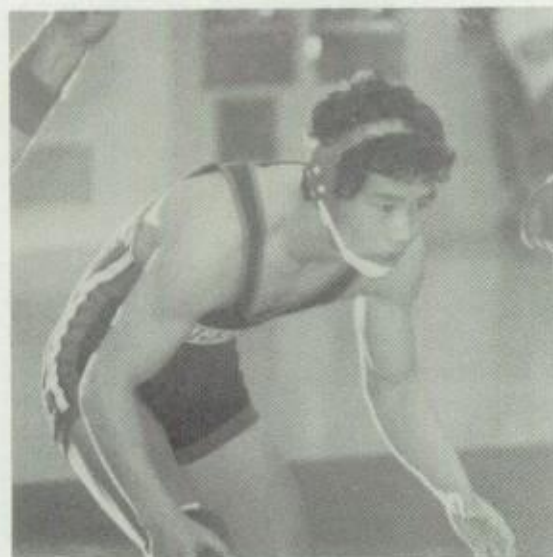

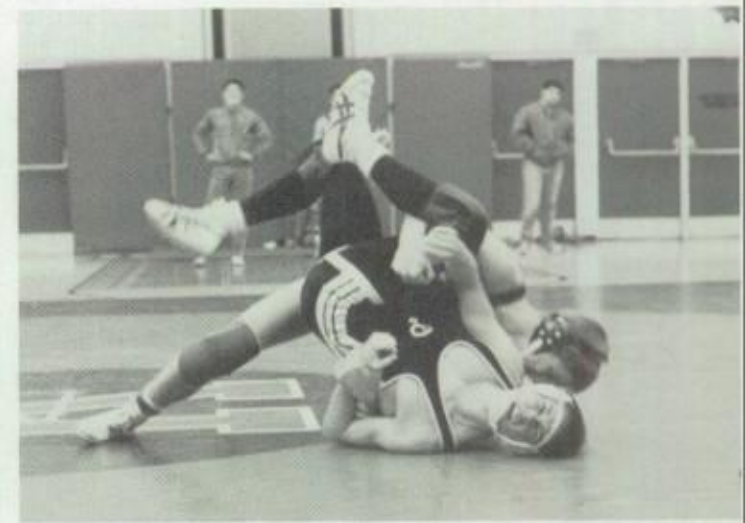

This year's J.V. wrestling team has proven to be one of the best ever. They went undefeated throughout the season, having a total score of 26-0, with such scores as 78-0, leaving Esperanza behind. To end the season, they went to Empire League finals and placed first, led by Ryan Dalem and Danny Forbes who each took firsts in individuals.

This was a great year and we look forward to 86-87 with enthusiasm and congratulate this year's team on an outstanding season.

By Tiffany Schusler

WRESTLING

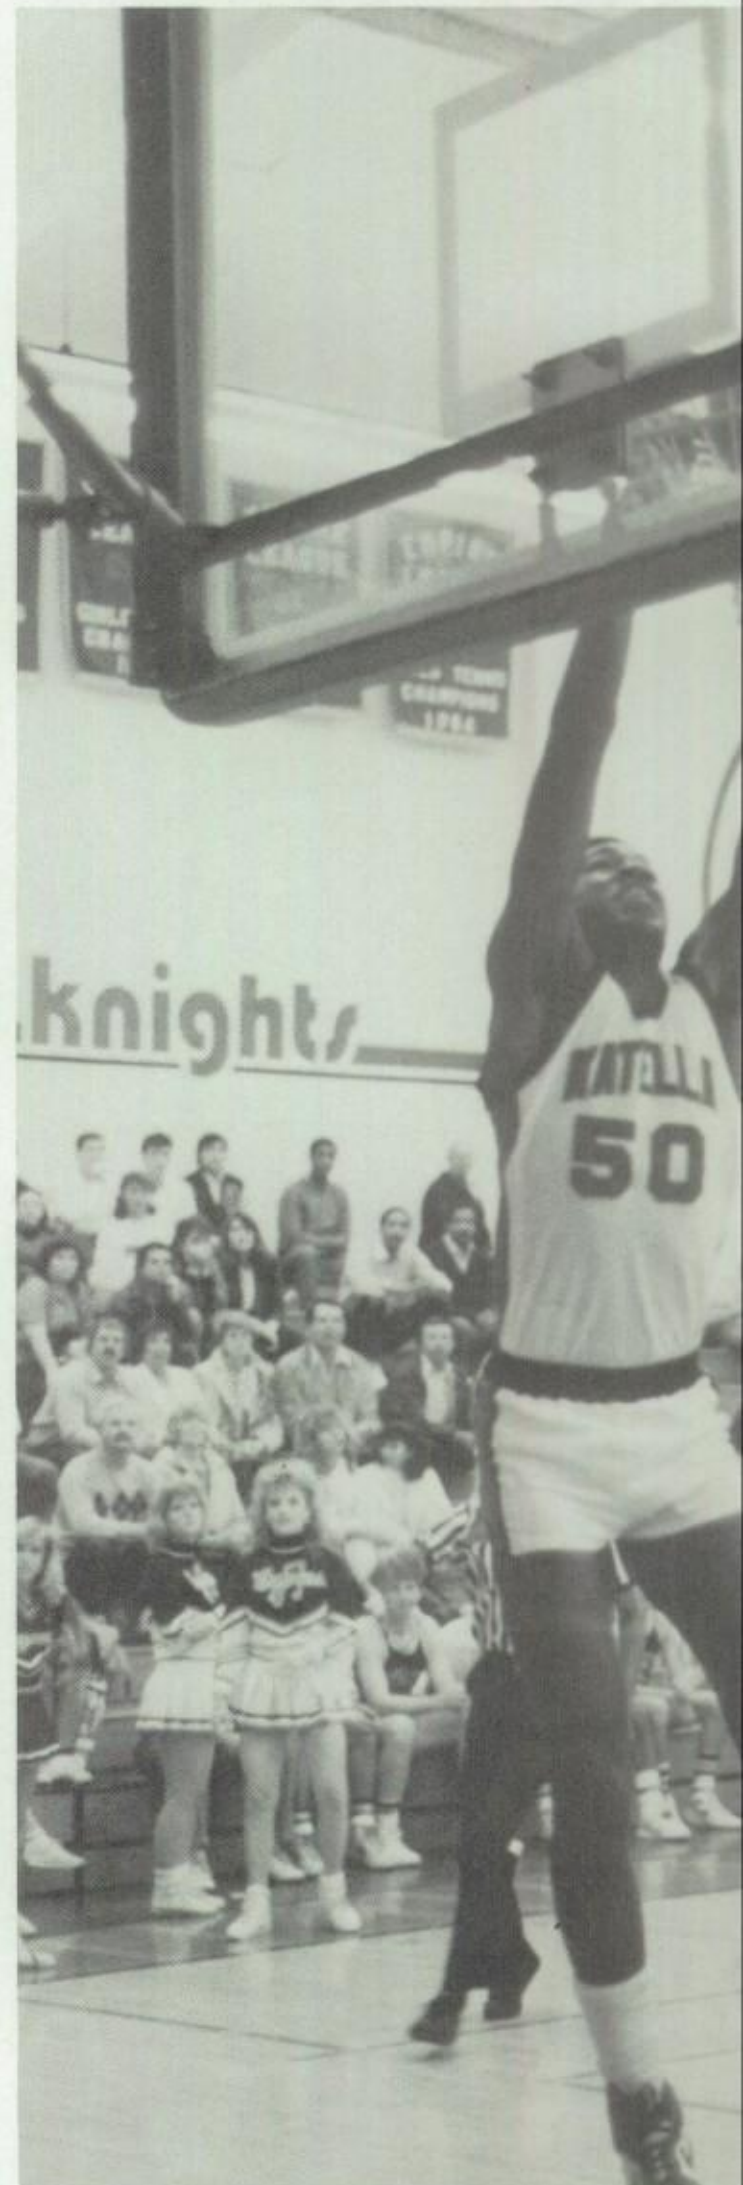

The Frosh/Soph wrestling team exhibited their talent throughout the 1985-86 season. They started the season with a 34-22 victory against Magnolia and ended it with a 49-6 win against Pacifica. The Frosh/Soph team went on to Empire League finals where they placed third. This left them with an outstanding 11-5 record for the year. This has been a great year for Katella's beginning team and more great performances are expected in the future.

BASKETBALL

LEAGUE! ERBST IS KING

The Knights won their twelfth league championship in 1986. Under Coach Tom Danley, Katella's teams, for the last twenty years have proven themselves to be one of the dominant forces in Orange County. Knights, present and past, have chalked up 12 league titles during the twenty year history of Katella. If one was to consider winning league championships as a batting average, Katella's basketball teams would be batting .600. In '86, the Knights started off their season a bit on the slow side. The team finished third in their first two pre-season tournaments. From there, the team went on to league at the Anaheim Convention Center, only to wipe out their opponent. Once again, the Knights met up with their league rivals, El Dorado. The Hawks did win this game (77-70), but it would be the only league game Katella would lose.

A week later, the Knights had won their third straight championship in the Katella Klassic.

Time after time Katella had great hills to climb. Though not always playing up to their capability, the team conquered those hills by soundly defeating Los Al, El Dorado, Cypress, and Kennedy. The Knights finished league (13-1) and headed on to CIF for their 20th straight year with an overall record of (21-3).

BASKETBALL

The Knights entered the CIF playoffs with an overall record of (21-3) and were seated as the number two team in the 3A Southern section. Coach Danley felt this was the year Katella would take it all.

The road into the semifinals was relatively simple. The CIF opener was played at Katella High School. Quartz Hills (6-15) in league, proved to be no match for Danley's men.

The team traveled to Dominquez High for the second round game against Centennial. This was the second confrontation of the season for these two teams.

Katella squeaked by Centennial in their first confrontation, winning by only four points.

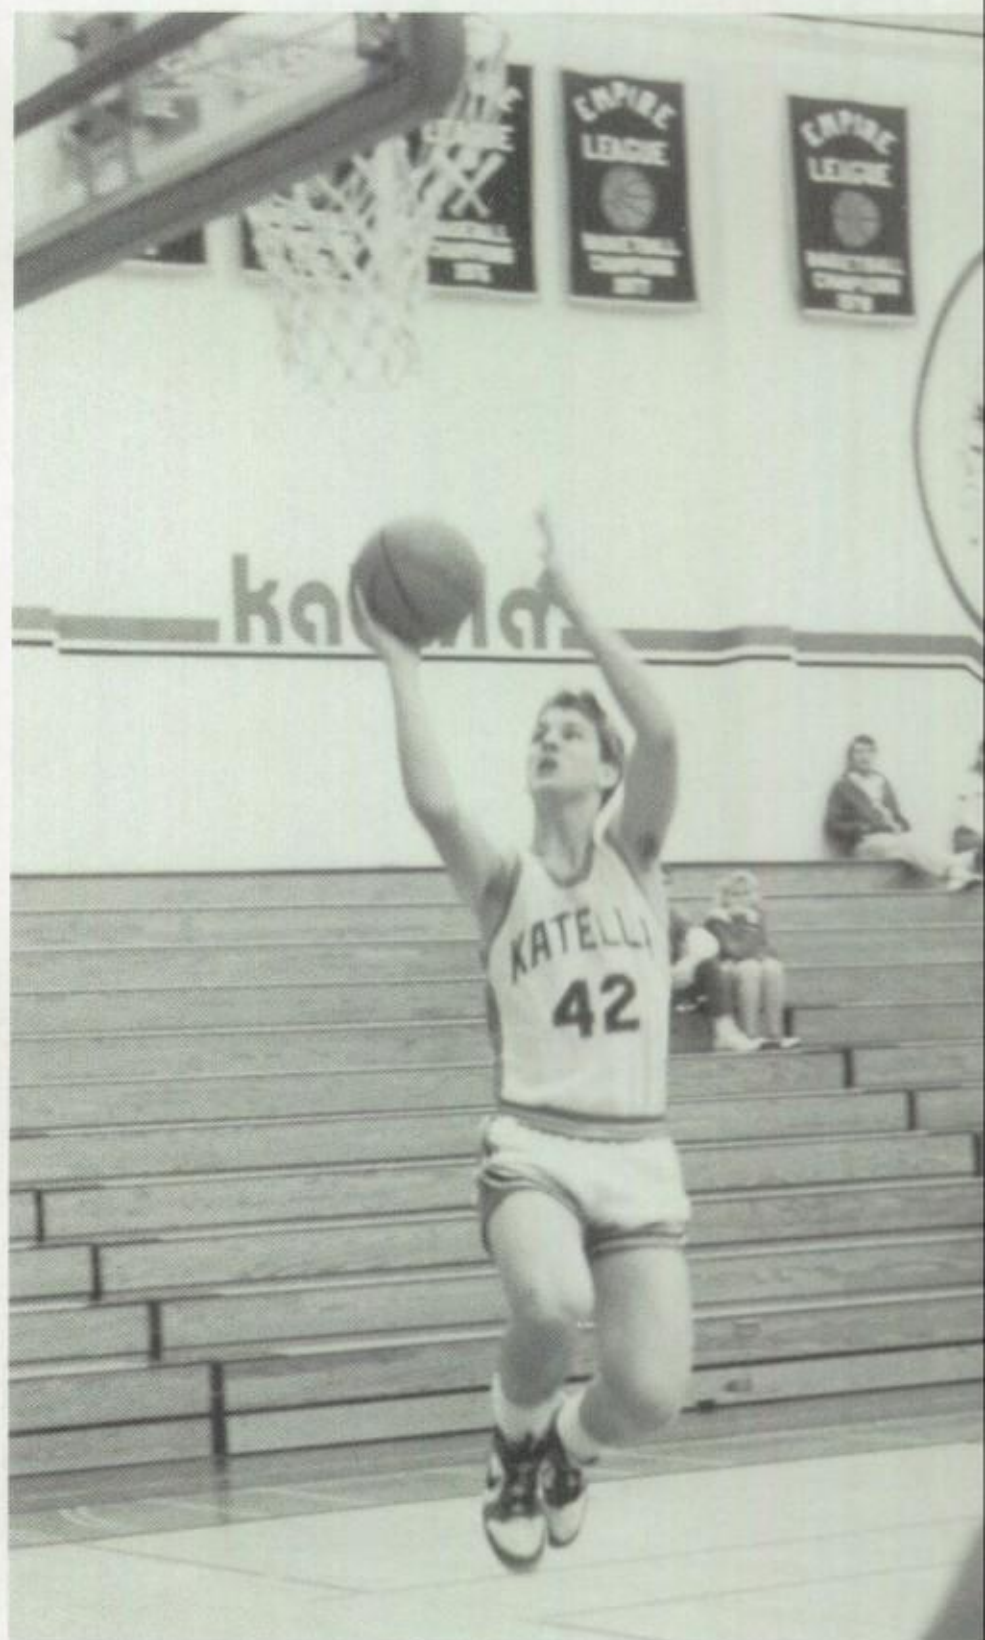

Behind the efforts of the 6'8" forward Bob Erbst and his supporting cast, Katella finished the game like a second ranking team, winning by a 26 point deficit.

Damien was next on Katella's list and just the same Damien would go home a loser this time around. Winning by a score of (69-60), the Knights made their way into Semi-Finals. Their opponent, Hacienda Wilson, one of three teams to beat Katella thus far. Though the team fell short of (50-52) Hacienda victory, the Knights did go home with an overall season record of (24-4).

Not even three defenders can stop Lucas from putting the ball.

BASKETBALL

OPH LOOK TOUGH

The Knights J.V. team had the talent to win their division this year. Behind the efforts of the entire squad, the team almost clinched a first place. As did the Varsity team, the J.V. squad started off the early part of their season with a loss to El Dorado. From there, they won every game up until the time of the first place playoff game between Los Al and the Mighty Knights. Things just didn't seem to go well for Katella that night as the J.V. squad came home with a tough loss on their shoulder.

The key players that will join the Varsity club next year include; Tommy Villanueva (Guard), Eric Taylor (Guard), Bret Smith (Forward), Todd Lawmaster (Center), Aman Atwal (Forward), and Matt Goodrich (Forward). Joined up with the Varsity forces, they will make an exciting running team next year.

Other contributing players for next year include; Bubba Clester, Jeff Yourstone, and Ian Donnly, all of which are sophomores and were asked to join the Varsity team for the CIF playoffs.

Jeremy Sherman puts up the jumper.

Brian Yourstone has no trouble bringing the ball up-court.

Bringing the ball down the court is #11, Kieth Wilson.

Lady Knights on to Victory

With 13 seconds left in the game, El Dorado had a one point lead. The Knights needed a two point basket to win. The ball was shot. As it flew through the air the horn blew. Hundreds of eyes were watching the ball as it sunk in the basket. The Lady Knights won the game!

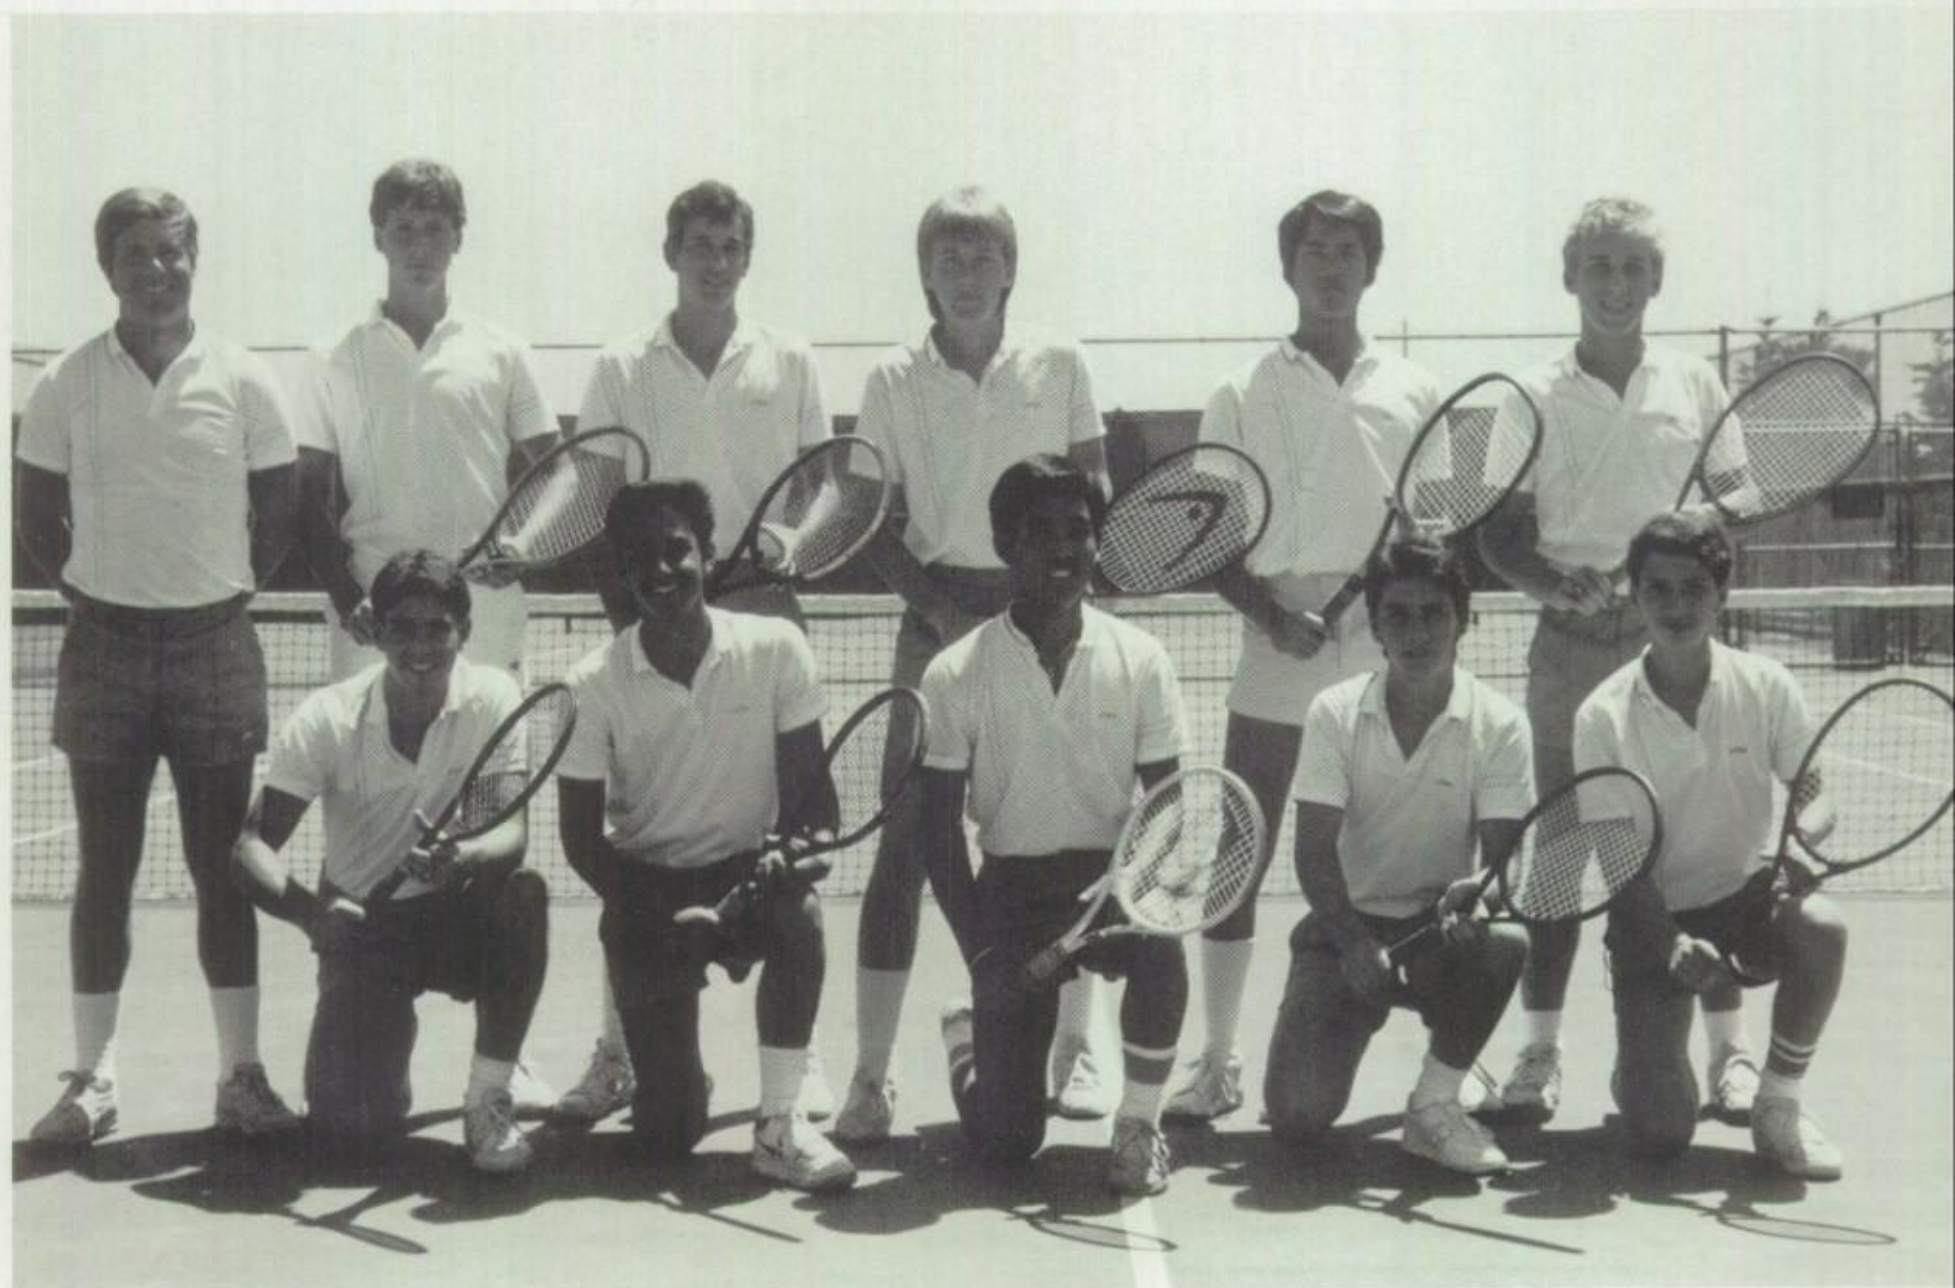

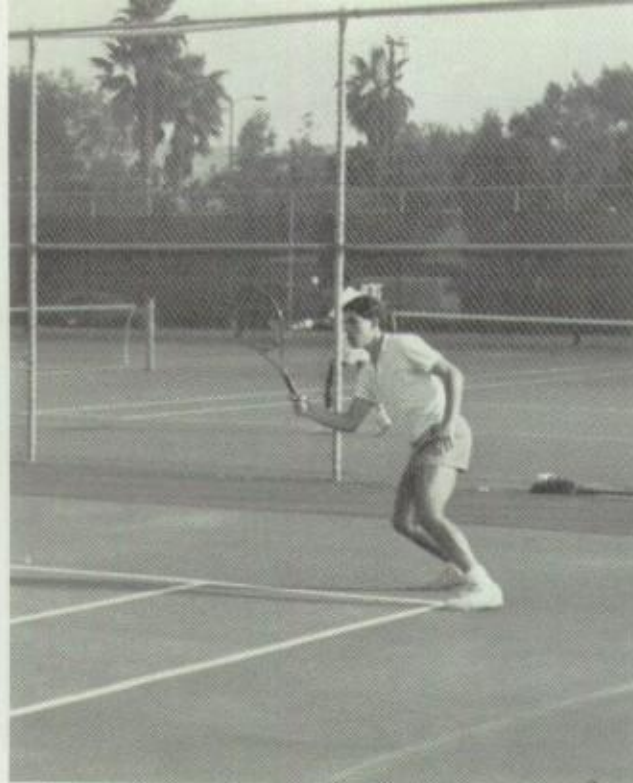

Girls Varsity had an outstanding 24-28 record. The Lady Knight's smashing season was led by the Varsity starters Julie Standerling, Deanne Cox, Kelli Johnson, and Becky Wayland. The team lost to El Dorado, Los Alamitos, Esperanza, and Foothill. The Cheerleaders and the fans gave the Varsity the most support. Everything on the team was looking up. Three years of hard work helped the team reach their goals. They ranked second in the CIF league.

Their coach, Coach McAulay had a great time with the Lady Knights. After years of hard work they finally made it to the CIF. Hopefully the Lady Knights will lead us to another victory in the '86-'87 season.

Badminton is like tennis, but it is not the same. They play a round robin, and from that they get their top players. Tracy Okamura, Bebe Phongsasaviths, and Steve Guidi were the number one in the league, and entered CIF play-offs. Coach Grauman is looking forward to a dominating team next year.

BASEBALL

The Varsity team set out to achieve one specific goal, to become one of the top three teams of Empire League. The Varsity team was off by half a game, yet they are one step closer to their goal, because of some exceptional performances by infielders Osmor DeChavez and Mike Burton, catcher Dave Lewis, and outfielders Todd Lloyd, Daren Okuda, Jeff Repoz, and pitcher Kevin Shaw.

The team was off to a great start with 13 wins and 12 losses.

With a total of 8 wins and 6 losses the top players consisted of Jeremy Sherman, Lincoln Wachtel, Brett Smith, Phil Powell and Ron Axworthy, they accomplished their goal. "To develop fundamental skills of players so they can successfully compete on the Varsity Baseball team in the following years," stated Coach Pattison.

The Fresh-Soph Baseball team had an exceptional year in the 1985-86 season with 10 wins and 7 losses.

After a long absence, Katella High is once again on the golf course. Under the guidance of Coach Mike Mikulics, Katella again has a golf team. There was a team long ago but interest declined and nobody would coach the team so the sport was dropped. Now the sport of golf is on the comeback trail.

Competing in the tough Empire league the Knights finished fourth against such perennial golf powers as Esperanza and El Dorado. This season's eight-man squad consisted mainly of upperclassmen. But two underclassmen Mike Brooks and Don Jose have proved themselves tough competitors for future teams to rely on.

The Knights home course was the rugged Anaheim Hills Country Club which called for just the right slice. Coach Mikulics was pleased with the teams re-birth performance and is hopeful for continued support.

F THE EMPIRE LEAGUE

The Varsity Track team devastated the Empire League in 86. After getting off to a slow start in the pre-season, the Knights did no less than completely dominate their opponents. Katella began their reign over the Empire League with their smashing victory over Pacifica and ended it with their victory over Cypress. Going undefeated, the Knights took their third straight championship and will send their top athletes, including; Terry Johnson, Greg Portis, Nick Castro, and Bill Ashmore, into the league finals and undoubtedly into CIF.

Recapturing some of the season highlights, the Knights thoroughly embarrassed the El Dorado Golden Hawks. An unknown Golden Hawk source boasted over the air, on KIIS fm., how they were going to walk all over Katella and take over the number one spot in league. Little did they know that they were going to fall to a superior Katella team; by a score of 101-35. From there the unbeaten Knights went on to face the also unbeaten Esperanza Aztecs, but the results were the same. Katella walked away with another victory.

Due to the early deadline of this sport, league finals and CIF results will not be published.

After a tough struggle through the first two pre-league meets the Lady Knights succeeded in four straight victories, two losses to Esperanza and Los Alamitos and the other victory to Cypress. Outstanding team members included, seniors, Kellie Taylor, Rikki Smith, Cathy Peterson, Amy Melton, Juniors: Kelly Rader, Sharon Holtz, Fresh-Soph: Cory Bidetti, Sophia Feesago, and Dinah Garcia. "The girls enjoyed their best dual season ever, in spite of a small team everyone competed to maximum ability. That's why we did so well", said Coach Cochrane. Over all the girls Track Team was excellent. Their motivation and will to succeed kept their dream alive, to be the best.

Uncovering the Past and Future

Academic Antics

It happens to the best of us. We stagger into first period on Monday morning, stifling a yawn, and the moment of truth arrives. Suddenly the 200-point exam that seemed light years away is standing on your doorstep. The only problem is — nobody's home. That's when it's time to face the facts. Pop quizzes, partying and procrastination can wage war on grades. Sooner or later (and probably sooner) each and every one of us is forced to make an honest appraisal of our study habits (Ugh!), abilities, and academic interest, because, as much as we hate to admit it, the central focus of school life is academic. Each person must endure seemingly endless piles of homework, lectures, and the infamous "talent shows" (exams) in order to academically survive. Period. Since there's no way to get around it, we might as well try to enjoy it. Impossible? Not really. There are many excellent teachers on campus who try their very best to make those required classes as interesting as possible. In addition, even though we don't have Underwater Firefighting here at Katella, there are many other electives that really are fun as well as educational. Academic clubs, competitions, and all the extra-curricular school activities help break the monotony and give academic life a little more pizzazz.

The truth is, you get out of school exactly what you put into it. If you don't study, don't expect to know that a mole is a unit of measure (NOT a fuzzy little animal) when it comes time for that Chemistry test.

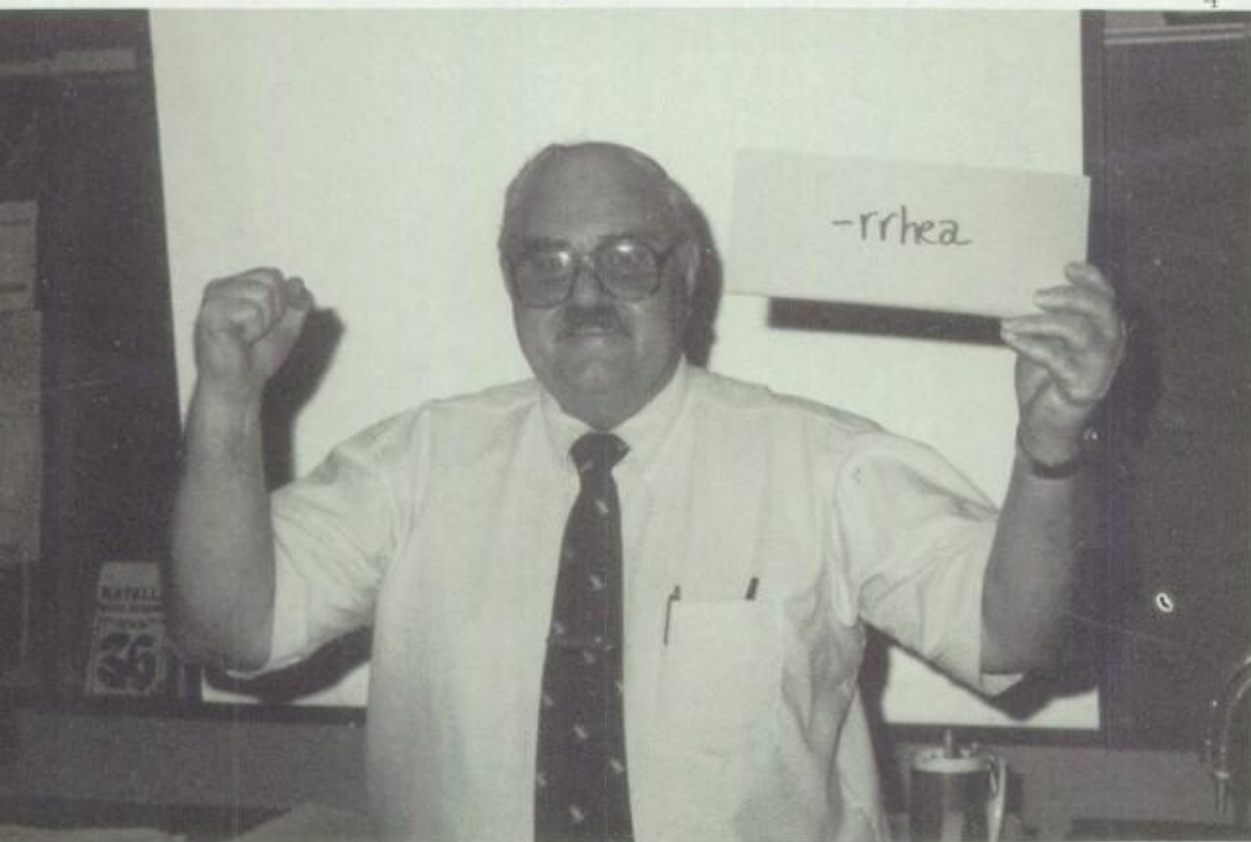

All the opportunities are there for those who are willing to take advantage of them, and, academically speaking, I think that's prodigious!

Thanh Huynh, a sophomore at Katella High School, is happy to be living in the United States today. He has only lived here since 1976 and this is his first year at Katella. Thanh is from Phu Quac, an island off the coast of Vietnam.

When Thanh first arrived in the U.S., he lived in a Los Angeles hotel with his aunt and uncle. Thanh said there wasn't much food and he didn't speak any English. Thahn went to several schools, most of which were Spanish speaking. He was enrolled in E.S.L. classes in the second grade. Thahn learned to speak English and Spanish at the same time just by being around other kids.

Thanh is now living with his brother and sisters. Next year they will be buying a house in Santa Ana and Thahn will attend Los Alamitos High School. Thanh commented that, "The people at Katella are really great." He says it's been a lot of fun and the support has been very helpful.

Spindall Sings To Success

Danielle Spidall, a freshman here at Katella High School, is not only cute and smart but she's talented too. When she was a child watching the Mickey Mouse Club on TV, she began singing and dancing along with the Mousekateers. By the time she was in seventh grade, she knew that singing was what she liked best and she wanted to prove it. Danielle joined the school choir and began taking voice lessons. She performed in her first musical at the age of 14. After that, she started participating in competitions at Cal State Fullerton. When Danielle got to Katella High School, she was very successful and sang her own solo in the holiday concert. "One thing we (the choir) have in common is that we all really like to sing," Danielle says. Besides singing, Danielle likes to dance. She hopes to have her own band someday and wants to call it "Fifth Avenue", since she likes to shop a lot. Even though Danielle's singing takes up much of her time, she still manages to get good grades.

Danielle intends to continue singing and plans to try out for The Katella Jazz Choir next year.

Spotlight

Katella's own Dawn Smith is ranked as the eleventh best flautist in California by the All State Honor Band. She began playing the flute at the age of ten after being inspired by her brother's high school concerts.

Dawn doesn't usually play competitively; instead she concentrates her efforts on the Katella High Band and Orange County Youth Symphony. Her hard work with this group has paid off. This summer, the Youth Symphony is planning a trip to the Orient.

Besides playing the flute, Dawn plays the piccolo and doubled on the saxophone for a year. Even though she is adept at all these instruments, Dawn has decided to concentrate solely on the flute. Dawn, at this point in time, is not sure if she wants to become a professional flautist.

Dawn gives credit to Mr. Wagner for her success with the instrument saying, "Mr. Wagner is really supportive, he helps me a lot. I couldn't do any of those honor groups without him."

SPOTLIGHT

At Katella High School we have all types of students but there is one who is extra special. Nathan Wiedenman, a freshman at our school, is a member of The Anaheim Youth Commission, which is a special honor. Not only is Nathan the youngest member, but he's also the only boy. This group deals with youth issues and government in our city. There are meetings and workshops held once a month where discussions take place. As a member, Nathan has a two year term of office. He says he has developed a better idea of government and is keeping in touch with youth throughout the city by being a commissioner. "Since I don't have a chance to do everything as a teenager, I want to know what others are doing that I'm not," Nathan said. He thinks that the major problem of young people is chemical abuse. He hopes to help solve the problem by starting with his friends. "I want to be able to talk to other teenagers and try to understand them more," he says. Nathan heard about the Youth Commission from Mr. Fried. He thought it sounded interesting and decided to apply. Knowing that he wanted to get into Politics someday and that he cares so much about his friends, he thought that this would be good experience and so far it has been. Nathan hopes to meet the Mayor someday.

A Star In Our Midst?

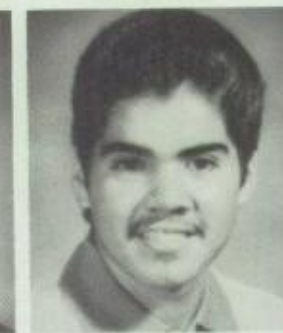

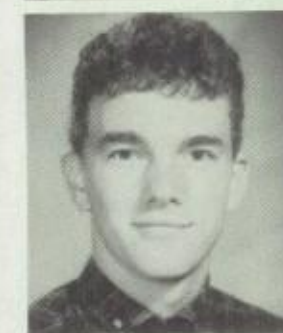

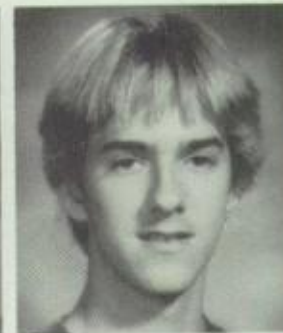

Crystal Lewis, a junior at Katella, is known around campus as a cheerleader and a princess. What we all don't know is that Crystal is also a very talented singer. Presently she performs with a band called Wild Blue Yonder which was created by an ex-member of the Lifters.

Crystal began singing for mother-daughter banquets at a young age. Last summer she performed in a well known musical called Hightops as a valley girl. The play was shown at the Bonaventure Hotel and Irvine Meadows.

It is obvious that Crystal maintains a busy schedule. In addition to working on Hightops, she practiced with her band and Katella's Varsity Cheerleading Squad during the summer. She somehow manages to juggle all her responsibilities and is still able to do a great job.

Next year Crystal plans to dedicate all of her time to the band. Wild Blue Yonder has an album debuting in May but she feels, "There is always room for growth."

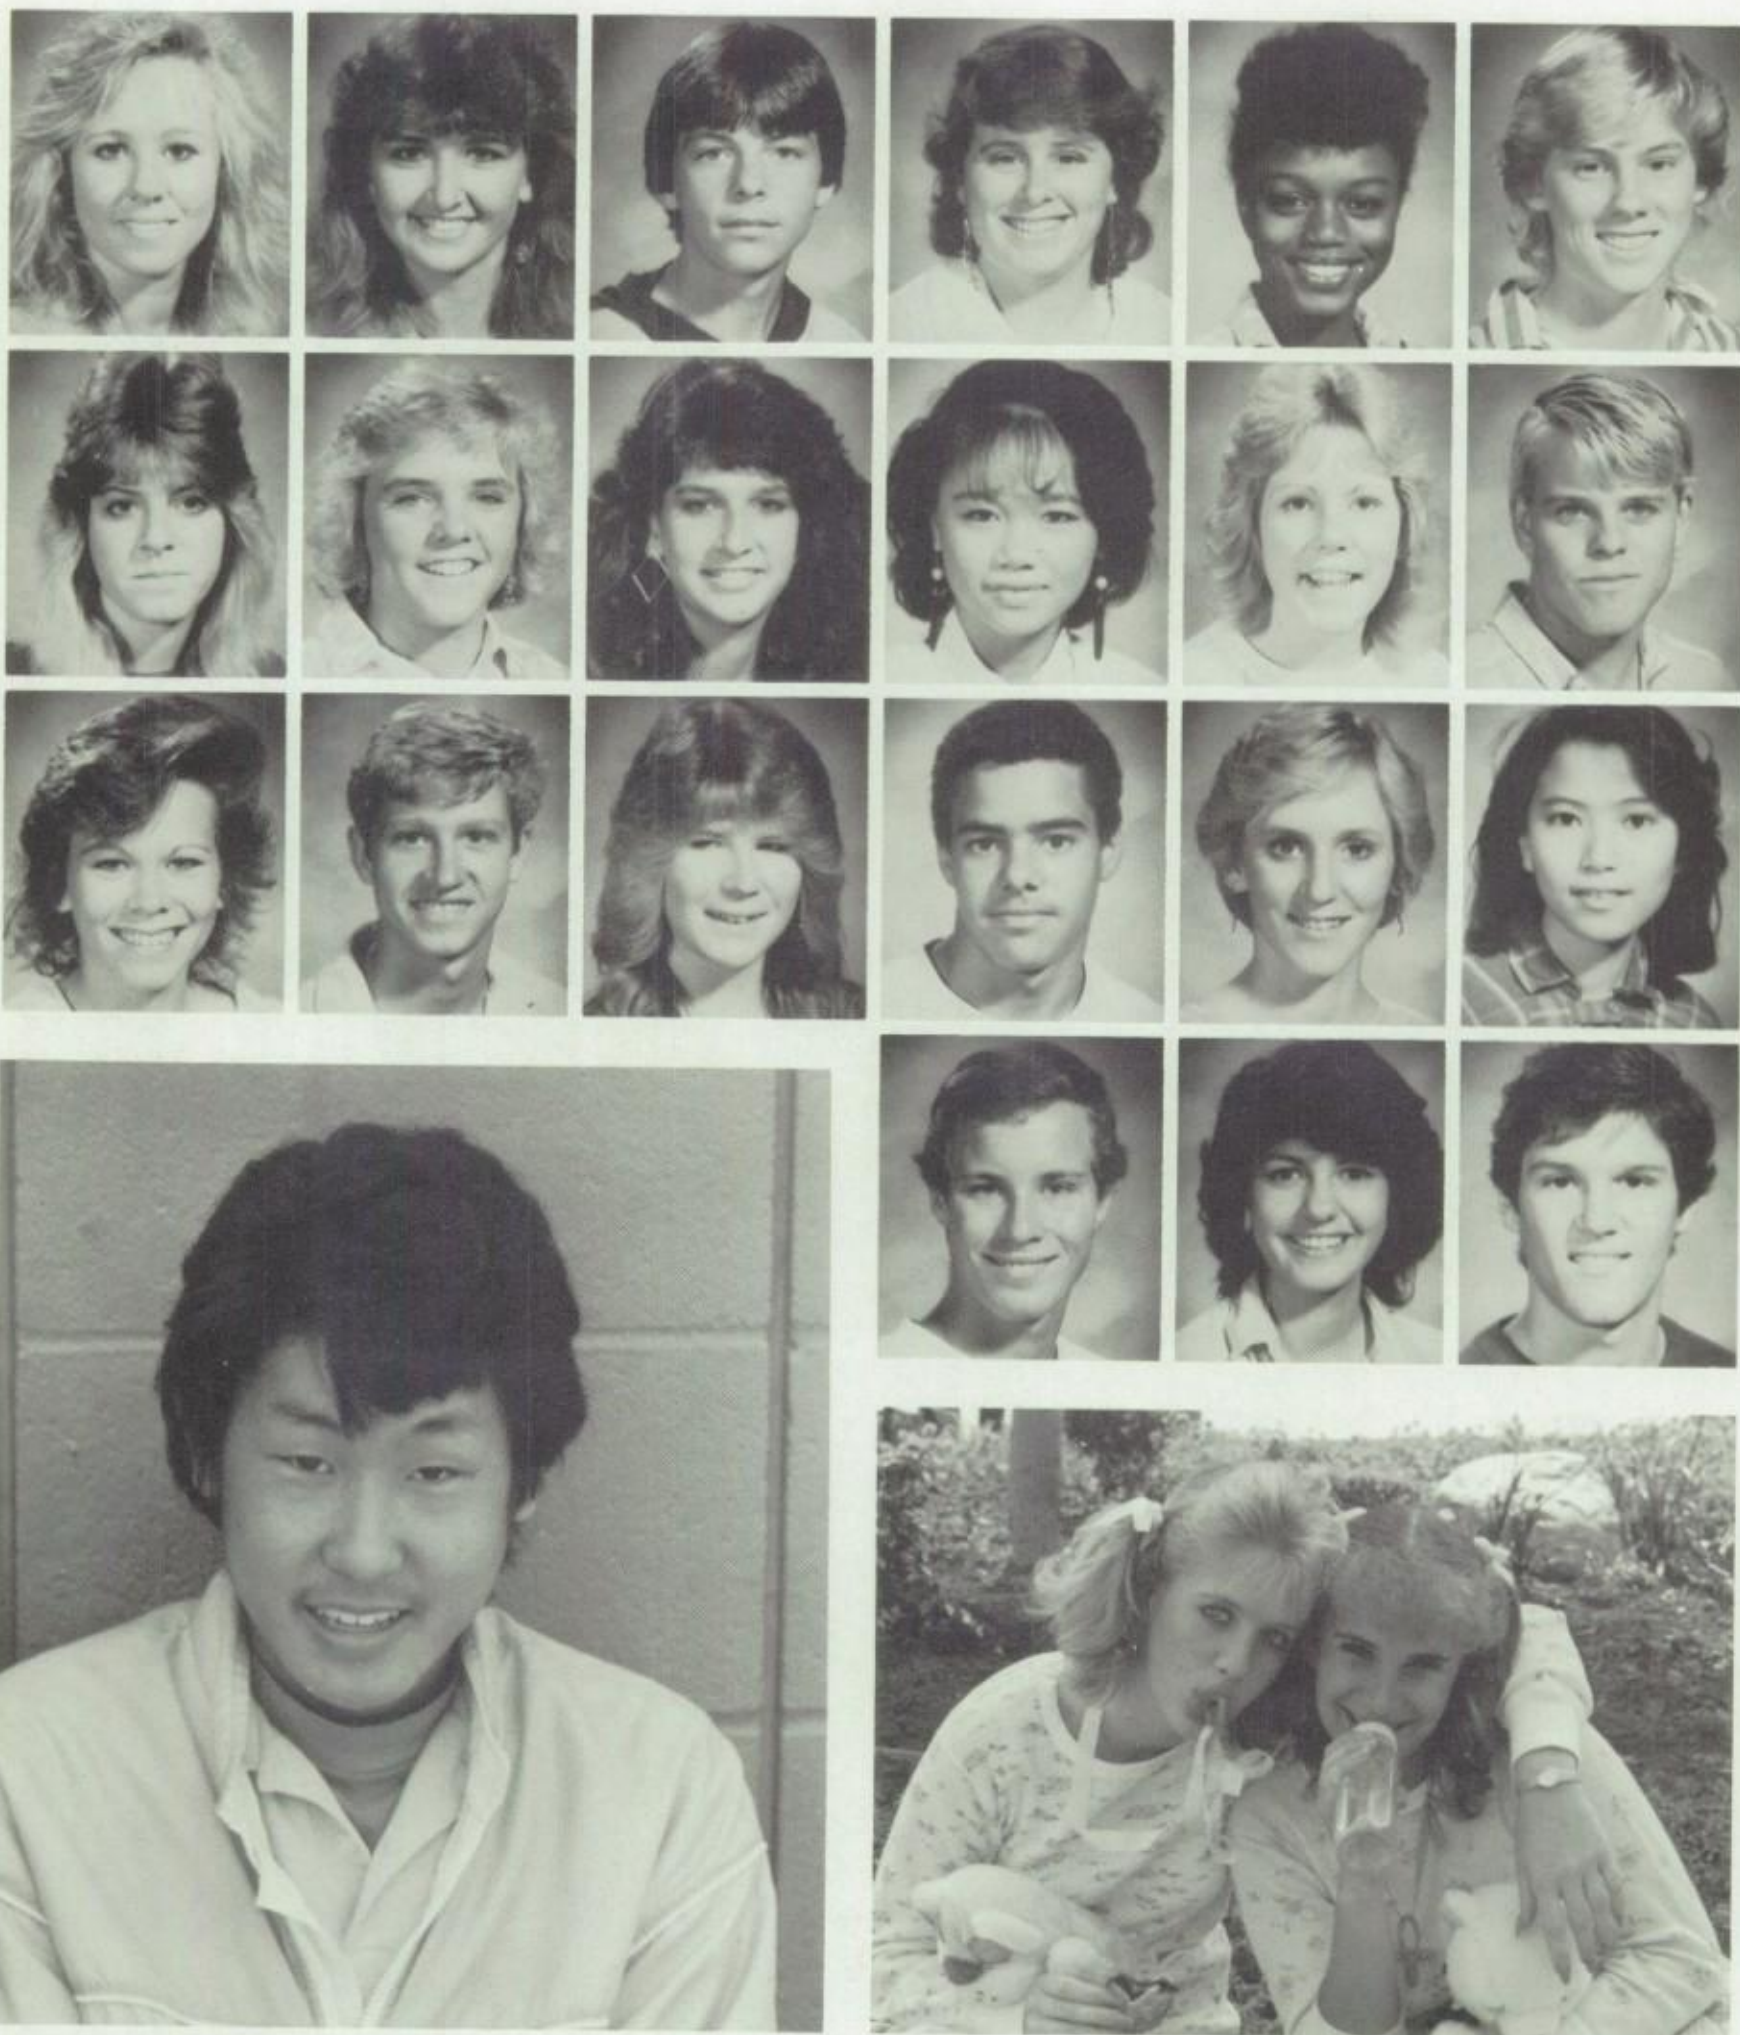

So remember her name and look for her in the future, someday Crystal Lewis may be a big star!

“May I Have a Car, Please?”

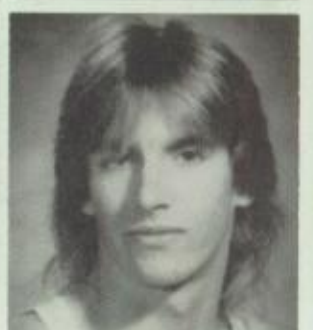

Last spring, Richard Lucas went down to the studios of the game show, **Wheel of Fortune**, to audition to be a contestant. He took a test identifying various persons, places, and things from their incomplete forms. Richard correctly recognized thirteen of the fifteen and was asked to come back to tape the whole week of shows on the following Monday.

On the first show Richard taped, he did very well. He won a spa, weight set, VCR, TV/radio, and a portable camera among other things. Besides that, he remained to play the game with the two other “big winners.” Richard was victorious, winning 4500 dollars in savings bonds and going on to play the bonus round.

Richard had fifteen seconds to answer the puzzle labeled, “Phrase”. As the clock began ticking away, he studied the board and finally blurted out, “Red As A Beet”. With that correct answer, Richard became the proud new owner of a 1986 metallic red Renault Alliance. However, when he finally received the car over three months later, Richard was unable to drive it due to his height and traded it in on a different model.

Commenting on the experience Richard said, “Winning \$18,676 was a great time; besides, Vanna White is rad looking!!”

Boberg Stands Tall With West Point

Earl Boberg, a senior at Katella high school, has been awarded a scholarship which is not only a great honor but is also worth about \$80,000. It is a **full** scholarship to West Point, one of the top schools in the country. It's ranked along with Harvard and Yale. This privilege was based on his dynamic football skills and his academic abilities. He was picked for this scholarship by the superintendent of West Point and was recruited for the football team in February of '86.

Earl is very talented in many things. He is in several sports and clubs such as, Football, Basketball, Track, Lettermans Club and C.P.A.

In the future, he plans to be an engineer and then after West Point plans to enter the military.

"Jim Cruises Away"

James Rios, member of the Class of '86, is an outgoing person. Jim has only been a Knight for two years and will graduate with respectable grades and many accomplishments.

Jim's most outstanding work has been combined both off campus and on with strong determination. With the help of his best friend, Tim Fox of Katella's Class of '85, Jim has made a year long dream come true. He is Vice President of a fresh and upcoming Volkswagen Club in Orange County. Tim Fox is the President of this V.W. club named "Southern Cals". Jim Said, "The main reason for this club was to make a lot of new friends and give a few V.W. enthusiasts some encouragement to fix up their Cal Bugs."

Jim's effort has been well worth it. He does have many new friends, and the club is doing well. They hold a weekly meeting with both speed shops and restaurants for sponsorship.

The club consists mostly of Katella Knights, but anyone is eligible to join the folks at "Southern Cals". The only club rule is that the member own an air-cooled Volkswagen. Of the few members that were spoken to, all of them agreed, "Jim is a nice guy. The club is a lot of fun and helps them greatly."

After graduation, Jim is looking forward to completing his education by earning his audio technician's degree through a reputable school.

"Carrie Counsels Katella"

Carrie Raider, Katella's Commissioner of School Relations, leads an active and interesting life. As Commissioner, she tries to get the school and her community involved in activities such as "Skyfest". She helped organize the "Great American Smokeout" and "Walk America", which she participated in.

She is also the Representative of the Cancer Society Youth Advisory. Her job is to go to elementary schools all over the county and give peer pressure presentations. She is a counselor at a camp for cancer patients. It is called "World's Greatest Camp", and is held one weekend in the summer and one weekend in the fall. Carrie was also a cancer victim herself at one time. She suffered from Hodgkin's disease, a disease of the lymph gland system. But, Carrie, unlike some other children, was able to fight the disease.

The Honored guest, Tom Danley, stands in front of the Convention Center.

Joann Barnett gives her speech in favor of Coach Danley.

Dr. Bryan Crow, Danley's Pastuer, entertained the entire place with his humorous attacks on the coach.

Mr. MacNamara, the first principal of Katella, praises Coach Danley's achievements.

STATE COACH OF THE YEAR

On Tuesday May 6, 1986, 250 people gathered at the Anaheim Convention Center to honor the accomplishments of Coach Tom Danley. Coach Danley has been at Katella since the school first opened in 1966. In every one of those 20 years, he has guided the basketball team into the CIF playoffs. Besides being the basketball coach, he also serves as the school's Athletic Director and is the President of the state's Athletic Directors Association.

This year, he was also honored by being named the California State Coach of the Year, after his team went 24-4 and was ranked 3rd in the state.

There were many dignitaries from different fields in attendance. Mayor Don Roth, Supervisor Ralph Clark, and Orange County Sheriff Brad Gates were some of the public officials. Also present were Bill Mulligen, the head basketball coach at UC Irvine, and Stan Morrison, who is presently the new Assistant Athletic Director at the University of Southern California.

The evening was full of praises as well as humorous "assaults" on Coach Danley. It was carried on local cable television. The evening was very successful in getting its message across: Thank you Tom Danley.

Coach Danley gets in his own two cents worth as well.

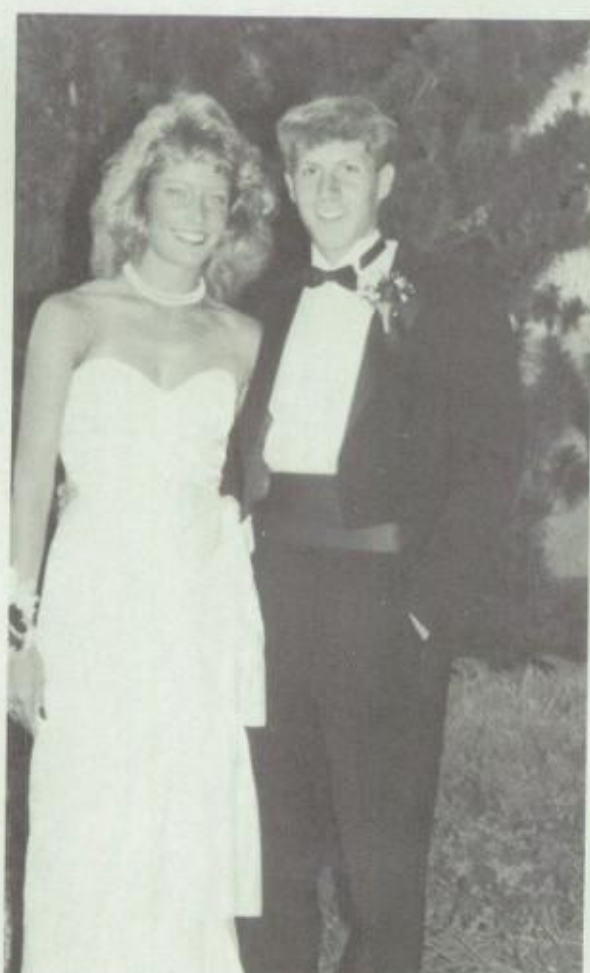

Presenting Danley an award is Chairman of the Board, Ralph Clark.

“A KNIGHT WITH

The junior class successfully presented the 1985-86 Junior-Senior Prom. "A Knight With Friends." This year's prom was held in the Gold Room at the Long Beach Elks Club. The dance lasted from 8 pm to 12 midnight, and a local disc jockey, Gemini, filled the night air with the latest sounds. Couples waited anxiously for the crowning of the Prom Queen and King. The court consisted of Karyn Carson and Linda Stortereau for princesses, and Brian Betz, Matt Borden, and Wayne Petrakis for princes. King and Queen were Andy Galins and Trisha Banks. The junior class presented each couple with glass brandy snifters with a candle in the center. Senior Sabrina Nolan expressed the atmosphere well, "I had a great time at the dance, it's something I can remember with a smile."

FRIENDS — PROM 85-86''

AWARDS NIGHT

Katella held its annual Awards Night on June 2. The ceremony was designed to honor the achievements of the graduating class.

This year's awards were given to many different seniors. The idea was to not award too many awards to the same people. The award ceremony held a great air of anticipation and surprise.

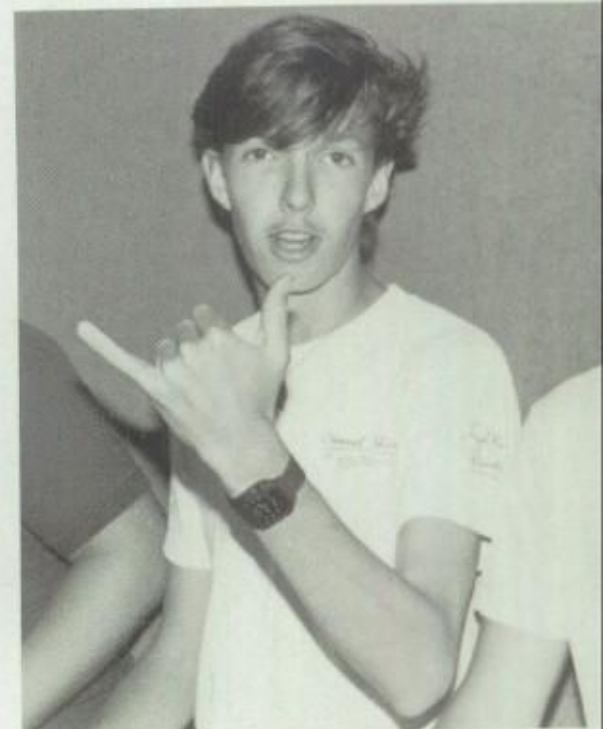

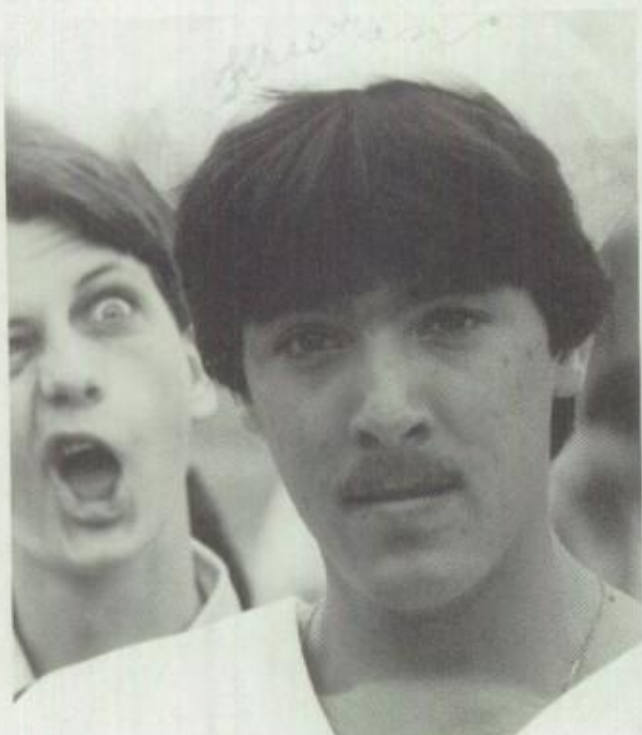

Dr. Escoe, Mr. Frese and Mr. Fried gave out the majority of honors to the seniors; teachers also gave out special achievements.

Highest honors were received by all Gold Seal Bearers. Many seniors achieved over and above a 4.0 so a Valedictorian was not chosen. There was no doubt in anyone's mind that all who were recognized were winners. Dr. Escoe concluded, "And we were able to present the awards in two hours."

Senior Breakfast

"Food For Thought"

The class of 86 gladly forfeited their early morning ritual of fruit loops and oj to attend the annual Senior Breakfast at the Phoenix Club. The official reminiscing of the "good ol' days" at Katella was led by Mr. Mikulics, who announced the senior awards:

Best looking: Linda Stotereau and Brian Cates

Best couple: Trisha Banks and Wayne Petrakis

Odd Couple: Jeff Wilson and Bebe Phongsasvithes

Prettiest Hair: Matt Borden and Shannon Browne

Prettiest eyes: Karyn Carson and Brian Betz

Cutest Legs: Karilyn Fisher and Andy Galins

Class Clown: Rhonda Mahram and Todd Lloyd

Class Klutz: Bobby Miles and Vida Powers

Class Flirt: Ann San Mateo and Matt Borden

Cutest Smile: Laura Grensing and Osmar DeChavez

Best Dressed: Ann Sanmateo and Brian Betz

Most Spirited: Lisa Evans and Clay Fewell

Class Brain: Brad Harker and Georgia Ypma

Most Likely to Succeed: Brad Harker and Christine Fix

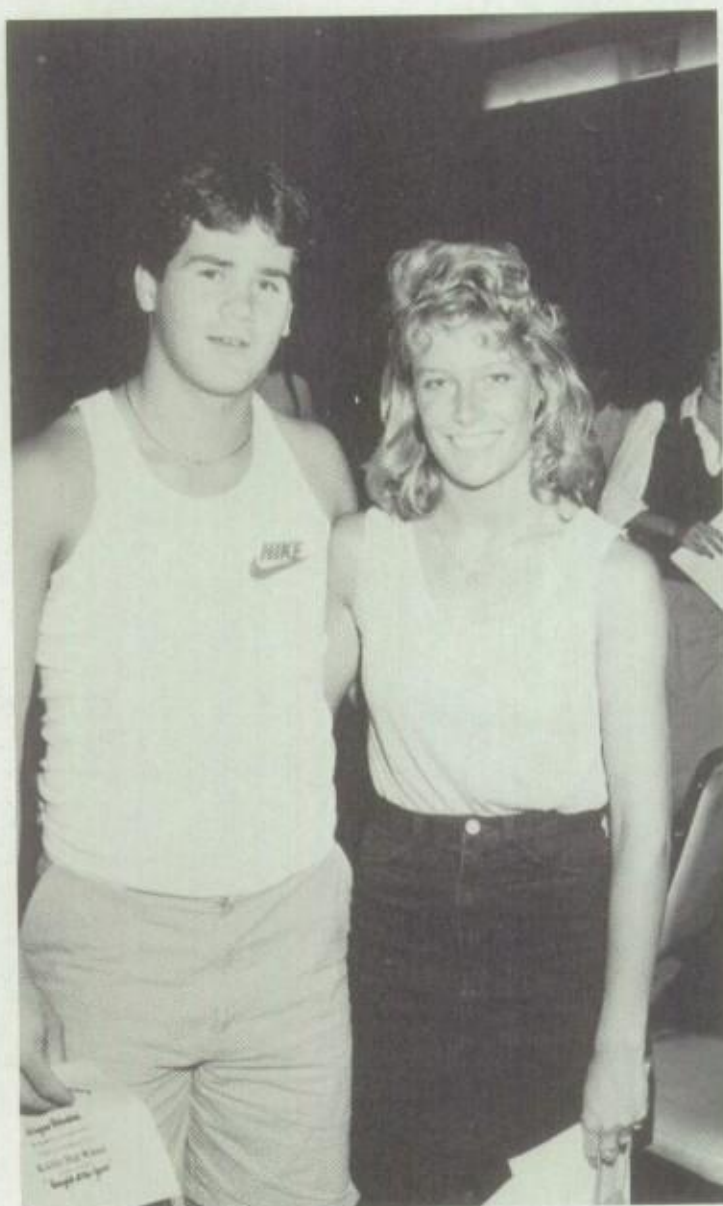

Best Athlete: Ricki Smith and Terry Johnson

Most Kissable Lips: Greg Portis and Becky Woodring

Knight: Wayne Petrakis

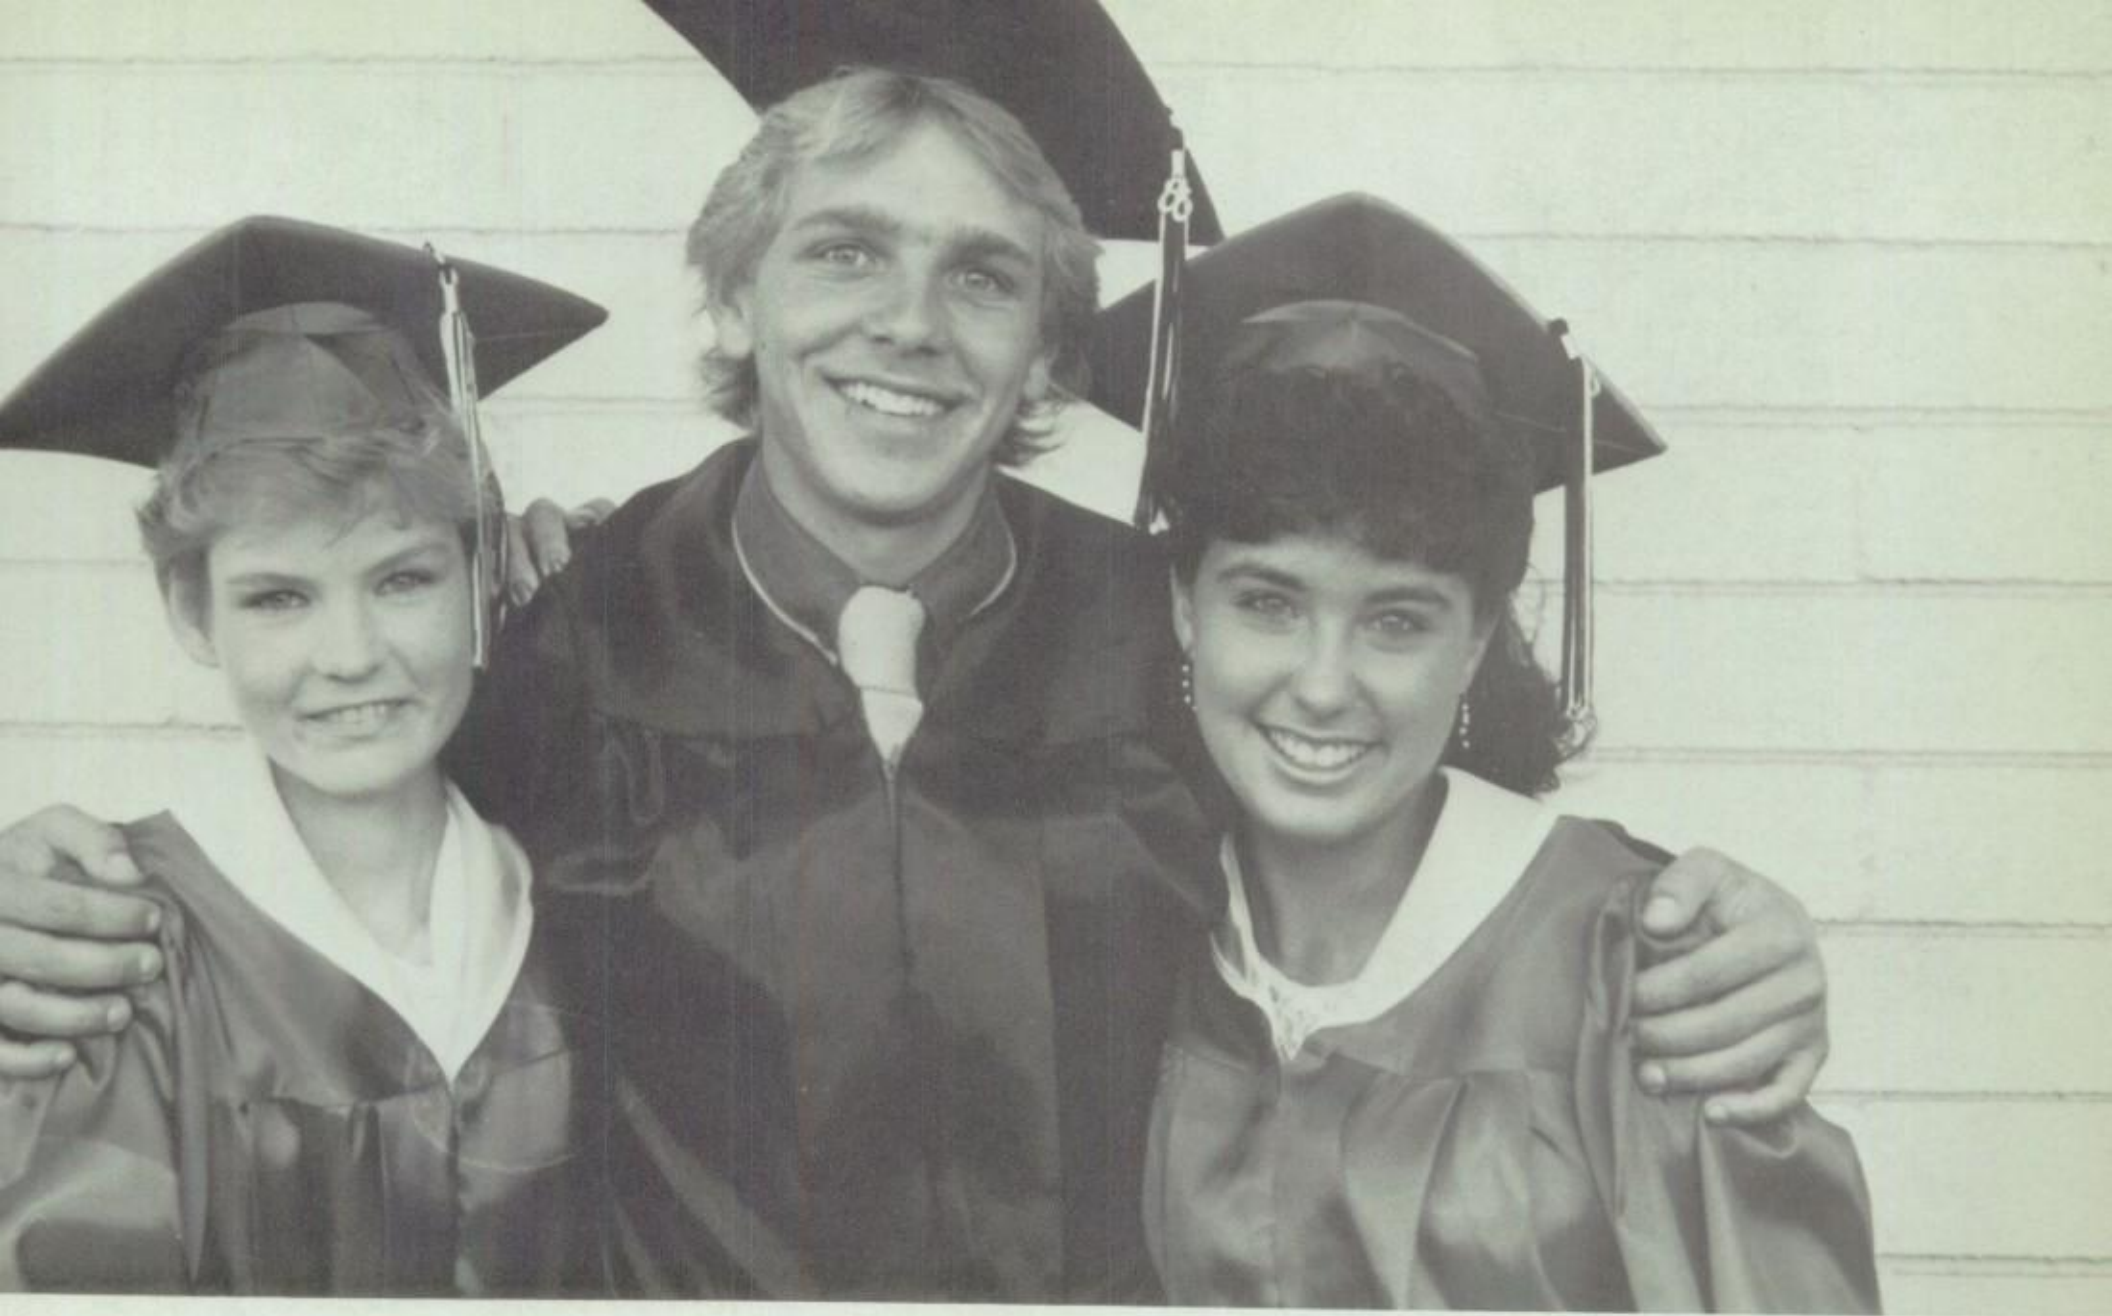

Lady: Linda Stotereau

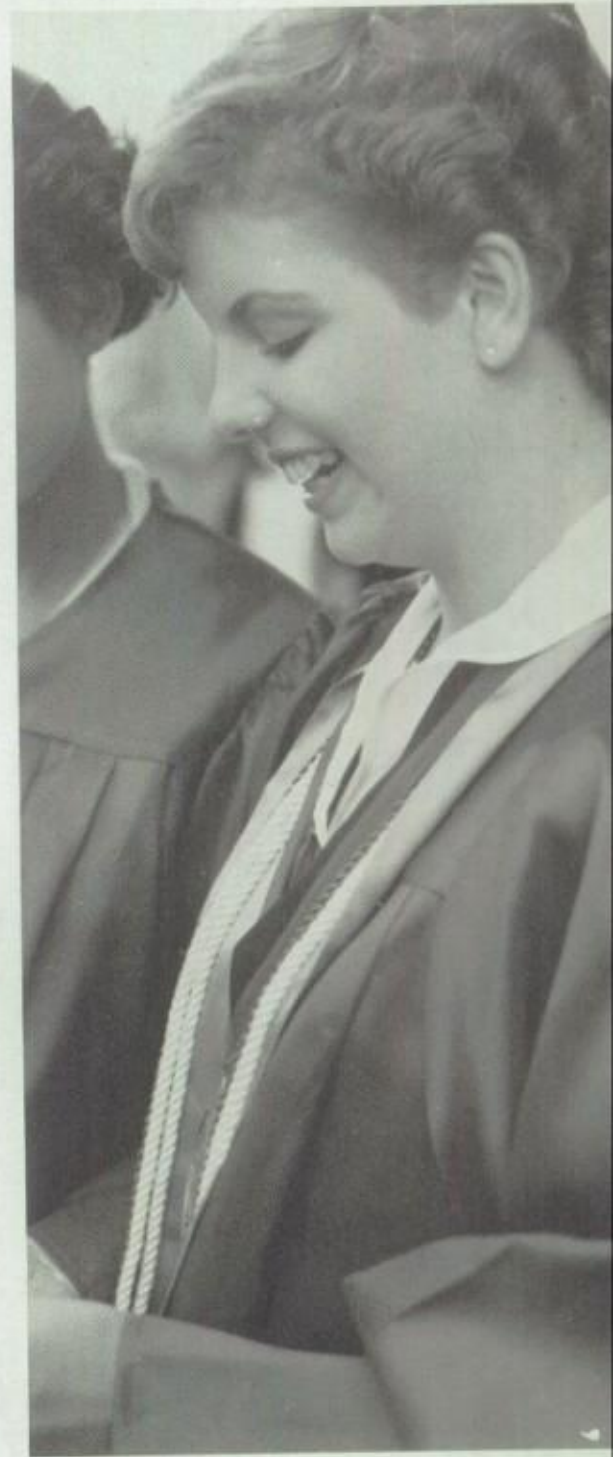

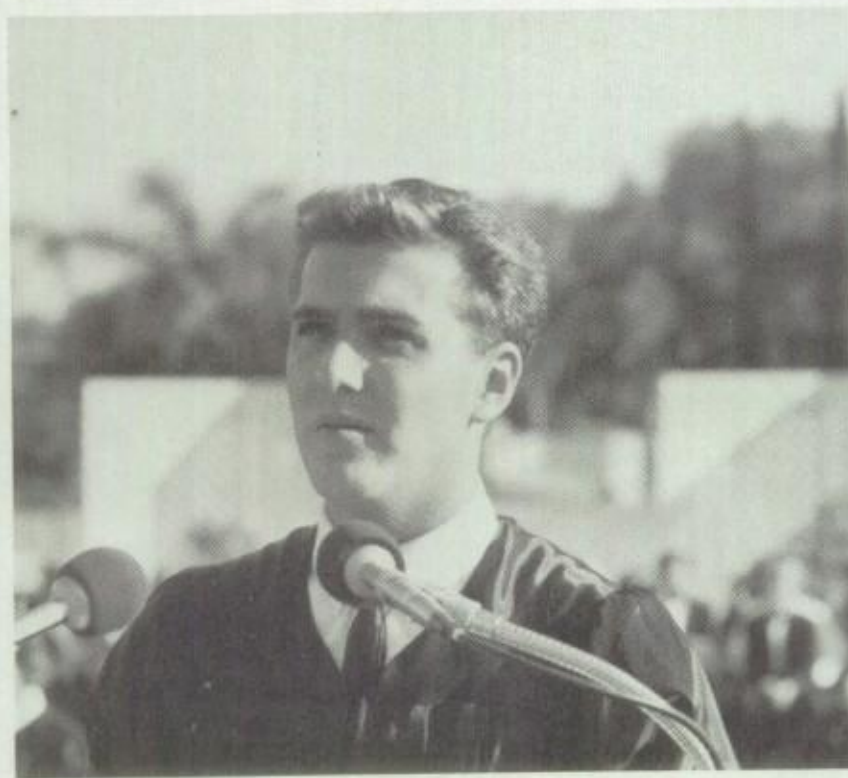

While students may argue whether the food was better than the frolic (or vice-versa), there is no doubt that the Senior Breakfast provided much food for thought.

Stacey — When your dreams seem so far away these words by a famous poet may comfort you.

To laugh and to love much
To win the respect of intelligent persons and the affection of children

To earn the praise of honest critics and endure the betrayal of false friends

To know beauty

To find the best in others

To give of yourself

To leave the world a bit better by raising a healthy child, or a flower garden

To play and laugh with enthusiasm

To know even one life has breathed easier because you have lived

This is to know success

I Love You, Mom

(With thanks to Emerson)

CONGRATULATIONS WAYNE

Grandma & Grandpa Cable

Sometimes we choose to look to our past
Memories of good times we hoped would last
Romances we had then
The times we spent alone
Mom & Dad were yelling
We were always on the phone
Friends then were golden
The joys we all shared
Coming in past one
We were young we didn't care
Now those times are fading
No more are the golden years
Time slipped through our fingers
It's onto college and our careers

Congratulations

TO THE GRADUATING CLASS OF 1986

You are the children of the universe, no less than the trees and the stars; you all have a right to be here.

And whether it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations.

In the noisy confusion of life keep peace with your soul.

With all its sham, drugery, and broken dreams, it is still a beautiful world. Be careful, strive to be happy.

Best Wishes
Ron & Shirley Todd

I thank you for the times you cared
 And all the moments that we shared.
 I thank you for the memories
 A friend to me you'll always be.
 I thank you for the tenderness
 That filled each day with happiness
 A joy that lasts eternally
 A friend to me you'll always be.
 thank you for first being there
 And all the things you had to hear
 And though there are times we don't agree
 A friend to me you'll always be
 I thank you for the gift of love
 A gift that's sent from Heaven above
 A love that is of purity,
 A friend to me you'll always be
 I thank you for the things I see
 And what our friendship shows to me
 I'll thank you for eternity
 A friend to me you'll always be

GRADUATION WISHES SHANNON STRICKLAND

How can it be? Is it possibly true?
 Just yesterday you were only two!
 The years flew by and you're suddenly grown,
 With a life to live that's yours alone.

There are many things we would like to say,
 But saying it all would take more than a day.
 So this little verse will try to impart,
 The many feelings we have in our heart.

May you be blessed with excellent health,
 Deserve and receive your share of wealth.
 May your world be filled with peace,
 May your zest for life never cease.

May you share a love that's known to few,
 May the grace of God be always with you.
 May you never be troubled with deep despair,
 Just knowing there are so many who care.

May you ever be grateful for important things,
 Like freedom and all that freedom brings.
 Keep life in perspective, don't unbalance the load,
 As you make this critical turn in the road.

You've lived in a world full of turmoil and strife,
 With many demands placed on your life.
 As parents we wanted to be the best,
 But we're human and managed to fail that test.

You hung in there as we stumbled and fell,
 Longing for heaven, often closer to hell.
 You somehow managed to grow strong and tall
 It's hard to take any credit at all!

But thank you, babe, for in spite of us
 You proved you're made of the "right stuff".
 You're one of a kind, a priceless pearl.
 We're so proud of you....OUR SPECIAL GIRL.

To Robin Alexander,
To a young lady with so much in store,
We hope she gets all she wishes for.
And to reward her labrious acts,
We hope she puts together her facts.

Her life's aim is still to be decided,
Her attitude is so one-sided.
But in this world, bias is okay,
As long as she does it her own way.

Love,
Dad, Mom and Terri

Martha:
Nothing remains the same, everything changes, the world evolves. The man of tomorrow must be prepared. If we love freedom, we must maintain ourselves at the vanguard of our ideals. May God bless you and help you to be able to fulfill your goals

Wayne —

Thanks for being my son.
Congratulations. You're a
blessing, a pleasure, radaitous,
and powerful. Go for it!

There's a girl, I won't name her
She's always such a complainer.
Her dream is to be a dancer
So muscle aches and pains was the answer

Ballet, Jazz and tap she liked the best
But Drill Team really put her to the test.
Four years of training with Mrs. Hess
K.H.S. Drill Team, they're #1 in the west.

I hope that she'll continue
to dance to her heart's menu
Added with love, happiness and success
MARLENA, you deserve the best!

DEDICATION

The dedication of Mr. Burns and Mr. Lenihan has made Physics and Accounting more than just "classes." They have taught their students that learning can be an exciting and fulfilling reward. What makes a teacher unique to his students? It is the patience, understanding and, most importantly, hard work that he offers his students. An important way that Mr. Burns and Mr. Lenihan approach learning is by treating their students as individuals. They have taught us that there is no such thing as "I can't" once you put your mind to doing something, there is nothing that can stop you.

For more than forty years these two teachers have devoted their time and effort to teaching. The Student Body, would like to express their deep appreciation for all that they have done.

Thanks a lot!

It takes a lot of time and a lot of people to make a yearbook.

I would like to thank a few people who, without their help, this yearbook would not exist.

To —
Larry Kluss, our yearbook representative for his advice and encouragement.

To —
Scott Jackson, legend artist, who always came through.

To —
Noelle Giffin — my champion yearbook assistant.

To —
Kay Baker, Katella High School bookkeeper.

To —
Elaine and Leslie, our Portrait Gallery go-fors.

To —
Mrs. Ryan, for her patience.

To —
Peggy Harju for her comfort and coffee.

To —
Mike Barth and Bob Schnek, the photo editors.

Last but not least, the advisor, Mr. Schnek. His good-nature and sense-of-humor made deadlines a lot easier.

To —
Hilary Burg I leave next year's book. I wish you the best. Have Fun!!!!

Sincerely,
Joy L. Klinkenberg
